

## CHAPTER VI LAND REVENUE

### 6.1 Tax Administration

The Chief Commissioner of Land Administration (CCLA) is responsible for administration of Revenue Board's Standing Orders (BSO), Andhra Pradesh (AP) Irrigation, Utilisation and Command Area Development Act, 1984, AP Water Tax Act, 1988, AP Agricultural Land (Conversion for Non-agricultural Purposes) Act, 2006 and Rules and orders issued thereunder. The State of Andhra Pradesh consists of 13 districts, each of which is headed by a District Collector who is responsible for the administration of the respective district. Each district is divided into revenue divisions and further into *mandals*<sup>131</sup>, which are kept under administrative charge of Revenue Divisional Officers (RDOs) and Tahsildars, respectively. Each village in every *mandal* is administered by a Village Revenue Officer (VRO) under the supervision of the Tahsildar. VROs prepare tax demands under all the Acts mentioned above for each *mandal* from the village accounts and get them approved by the *Jamabandi* officers<sup>132</sup> concerned. VROs/Revenue Inspectors are entrusted with the work of collection of revenue / taxes such as water tax, conversion tax for agricultural lands etc. At Government level, Principal Secretary (Revenue) is in overall charge of administration of the Revenue Department.

### 6.2 Internal Audit

Department did not have a structured Internal Audit Wing that would plan and conduct Audit in accordance with a scheduled audit plan.

<sup>131</sup> *Mandal* is the jurisdictional area of each Tahsildar.

<sup>132</sup> *Jamabandi* officer is District Collector or any other officer nominated by him not below the rank of Revenue Divisional Officer.

*Free Medical Care to the Poor* Kurian, Oommen C. ,2013-12-01 Charitable Trust Hospitals get various benefits from the government such as land electricity at subsidised rates concessions on import duty and income tax in return for which they are expected to provide free treatment to a certain number of indigent patients In 2005 a scheme was instituted by the high court formalising that 20 per cent beds set aside for free and concessional treatment at these hospitals In Mumbai these hospitals have a combined capacity of more than 1600 beds However it has been brought to light both by the government and the media that these hospitals routinely flout their legal obligations Considering that charitable hospitals are key resources for provisioning of health services to an already strained public health system it is vital to ensure their accountability This study by CEHAT intended to look at the literature on the history of state aided charitable hospitals in Mumbai and appraise the nature of engagement between the private sector and the state aided hospitals It critically reviewed the data submitted by the state aided charitable hospitals of Mumbai to the Charity Commissioner on free and subsidised patients to estimate the degree of compliance to by the hospitals and also to monitor them The study found that a substantial number of state aided charitable hospitals do not comply with the scheme and the degree of non compliance is quite high Most state aided charitable hospitals never allotted the mandatory 20% beds for treating the poor and instead complained that they were treating too many patients Data reported to the Charity Commission by the state aided charitable hospitals is inadequate inconsistent and unsystematic Charitable hospitals predominantly treat indigent or weaker section patients at the outpatient level because outpatient OP admissions can be passed off as in patient IP admissions in the current scheme of things and frees an extra bed that can earn thousands of rupees per day State aided charitable hospitals invariably underreported donations and bed numbers at the office of the Charity Commissioner No matter how serious the allegations were no kind of penalties were levied on the offending hospitals There was not a single instance where disciplinary action was taken against an offending hospital in Mumbai We hope that the findings of the study would be useful in making key recommendations for effective implementation of the high court scheme especially for guaranteeing access to the poor to the 20% beds that are set aside
