*Political Technology* Andrew Wilson,2023-12-14 Political technology is a Russian term for the professional engineering of politics It has turned Russian politics into theatre and propaganda and metastasised to take over foreign policy and weaponise history The war against Ukraine is one outcome In the West spin doctors and political consultants do more than influence media or run campaigns they have also helped build parallel universes of alternative political reality Hungary has used political technology to dismantle democracy The BJP in India has used it to consolidate unprecedented power Different countries learn from each other Some types of political technology have become notorious like troll farms or data mining but there is now a global wholesale industry selling a range of manipulation techniques from astroturfing to fake parties to propaganda apps This book shows that political technology is about much more than online disinformation it is about whole new industries of political engineering

*Populism and Professional Wrestling in the Sunbelt South* Christopher L. Stacey,2023-12-06 Populism and Professional Wrestling in the Sunbelt South From Rasslin to Sports Entertainment traces the history of professional wrestling in the South within the Trans Mississippi Region between the 1950s 1990s Examining professional wrestling through the lens of kayfabe also known as the perception of the realism and the suspension of disbelief among fans this book discovers that the dissolution of kayfabe occurred simultaneously with significant political social and cultural events in Southern history including the Civil Rights Movement and technological and economic modernity Christopher L Stacey determines that the same political social economic and cultural forces of modernity in the Sunbelt South reflected a new form of southern and national populism embedded within the professional wrestling industry New forms of populism were reflected within characters storylines gimmicks and angles of several territories in the Trans Mississippi region Through autobiographies biographical information and shoot interviews Stacey provides a closer look into the business of professional wrestling during the mid twentieth century and how it connects to racial gender class and national identity

*Living With Hacktivism* Vasileios Karagiannopoulos, 2018-03-05 This book focuses on the phenomenon of hacktivism and how it has been dealt with up to now in the United States and the United Kingdom After discussing the birth of the phenomenon and the various relevant groups from Electronic Disturbance Theater to Anonymous their philosophies and tactics this timely and original work attempts to identify the positive and negative aspects hacktivism through an analysis of free speech and civil disobedience theory Engaging in this process clarifies the dual nature of hacktivism highlighting its potential for positive contributions to contemporary politics whilst also

demonstrating the risks and harms flowing from its controversial and legally ambiguous nature Based on this hybrid nature of hacktivism Karagiannopoulos proceeds to offer a critique of the current responses towards such practices and their potential for preserving the positive elements whilst mitigating the risks and harms involved in such political practices Finally the study focuses on identifying an alternative symbiotic rationale for responding to hacktivism based on a cluster of micro interventions moving away from the conflict based criminal justice model and the potentially unjust and inefficacious results it entails *Library of Congress Information Bulletin* ,2009
