Management Communication James S. O'Rourke, 2019-04-18 This textbook introduces students to the strategic communication methods that are crucial to master in order to develop into effective and ethical managers at all levels of business. Effective communication skills are necessary for success in the business world and O'Rourke has written a highly readable book filled with anecdotes and examples to engage students in the learning process. This edition includes several classic and new features. The strategic approach is integrated throughout the book, allowing students to understand how a communicated message impacts the business as a whole. Case studies throughout the book provide students with hands-on experience of scenarios they will encounter in the real world. The book includes at least three dozen fresh classroom-tested cases. An ethical thread is woven through the text, demonstrating how ethical decision making can be applied in all aspects of communication. Separate chapters on technology, including social media, intercultural communication, nonverbal communication, and conflict management, provide students with the skills to building relationships and influencing stakeholders, key skills for any manager. A companion website includes comprehensive support material to teach this class. **Management Communication** a complete resource for students and instructors.

Creating Business and Corporate Strategy Adyl Aliekperov, 2021-06-13 Businesses need strategies that determine the direction of functioning and further development. If a company deals with several multifaceted businesses, each of them subsequently requires their own strategy. The issue of strategy creation and realization is a key factor that must receive the closest possible attention. In order to assure victory and be thoroughly prepared for various directions and situations that may arise, companies create their own unique strategies. This book is primarily aimed at suggesting the necessary repertoire of knowledge and skills for strategy creating with the help of the TASGRAM integrated system. Thinking, Analyzing, Strategy, Goals, Risks, Actions, and Monitoring. The main outcome of TASGRAM is a combined strategic table: business strategy, corporate strategy, goals, risks, actions, and monitoring. Each

element in TASGRAM has a concrete goal and it helps users become more focused Creating Business and Corporate Strategy An Integrated Strategic System offers a new tool for company strategy creation showcasing various cases and examples based on theory and practice Unlike the existing tools the suggested system of strategy creation is simpler and definite Its main purpose is to help create and further develop the created strategy making this book especially valuable to researchers academics practitioners and students in the fields of strategy leadership and management
