

Pricing Your Side-Hustle Offer

Congratulations, sweet friend! If you've reached this step, you are well on your way to creating a profitable side hustle that can help you bridge the gap between working your 9 to 5, and working for yourself.

Let's get to the fun part, which is determining how much to charge for your side hustle — whether it be coaching, a service, or a product you've created.

Follow these simple steps:

1. **Do your research**
2. **Ask yourself**
3. **Set a price**

Let's do some math:

1. Sell 10
2. Offer
3. Do you
4. Offer
5. Sell
6. Get
7. Go

Side Hustle Ideas Ipad Guide:

100 Questions and Answers to Help You Land Your Dream iOS Job Enrique López Mañas,2018-12-12 Are you an iOS developer looking forward to your next career move Or are you interviewing for positions at your company or start up Either way this book provides the right questions and answers to help you in the review process If you are an interviewer this book can guide you on which questions are the most useful to ask to find the perfect candidate Generic interview questions found online are repetitive and often unrelated to the day to day tasks of an iOS developer If you are looking to hire a professional programmer you should consider more advanced questions about architecture patterns or frameworks such as those included in this book All questions are answered clearly and comprehensively and each one is categorized and reviewed by some of the top iOS engineers worldwide Some of the questions provide quick follow ups which might make the difference between a good enough answer and a stellar one Questions are divided into three different levels so whether you are a beginner or an advanced iOS developer this book will help you to land your dream iOS development Job What You ll Learn Answer interview questions flawlessly with just the right response to convey your skillset Practice interviews to make yourself more comfortable during the process Discover what sets a generic coder and an experienced iOS developer apart Who This Book Is For Experienced iOS developers seeking a new employer or promotion within their current company It also serves as a great tool for someone in human resources or another hiring position trying to identify the right candidate for an iOS development position

The Small Business Guide to Apps Dave Howell,2011-12-05 If you thought that the app market was just about games and big brands think again Businesses of every size in every sector have built their own apps and are reaping real commercial rewards Because of the relatively low cost of entering the app market smaller enterprises can level the playing field often outstripping their larger competitors simply because they have developed and marketed an app that delivers a service that their consumers are looking for This book isn t about how apps can help you run your business more efficiently or an in depth tutorial about how to create an app for your enterprise Instead it provides a unique introduction and overview of the possibilities for any small or growing business It s a focused guide about the business of apps for those whose time is money Connecting with customers over their mobile phones and tablets allows a more intimate and ultimately more lucrative link between businesses and consumers to be established With this latest book in the popular Business Bites series you can help your business take the first steps into an exciting and growing marketplace

The Business of iOS App Development Dave Wooldridge,Taylor Pierce,2014-10-29 Updated and expanded for the new Apple iOS8 The Business of iOS App Development Third Edition shows you how to incorporate marketing and business savvy into every aspect of the design and development process giving your app the best possible chance of succeeding in the App Store This book is written by experienced developers with business backgrounds taking you step by step through cost effective marketing techniques that have proven successful for professional iOS app creators perfect for independent developers on shoestring budgets No

prior business knowledge is required The phenomenal success of the iPhone iPad and the iPod touch have ushered in a gold rush for developers but with well over a million apps in the highly competitive App Store it has become increasingly difficult for new apps to stand out in the crowd Achieving consumer awareness and sales longevity for your iOS app requires a lot of organization and some strategic planning This is the book you wish you had read before you launched your first app
