**Tailspin** Steven Brill,2018-05-29 In this revelatory narrative covering the years 1967 to 2017 Steven Brill gives us a stunningly cogent picture of the broken system at the heart of our society He shows us how over the last half century America s core values meritocracy innovation due process free speech and even democracy itself have somehow managed to power its decline into dysfunction They have isolated our best and brightest whose positions at the top have never been more secure or more remote The result has been an erosion of responsibility and accountability an epidemic of shortsightedness an increasingly hollow economic and political center and millions of Americans gripped by apathy and hopelessness By examining the people and forces behind the rise of big money lobbying legal and financial engineering the demise of private sector unions and a hamstrung bureaucracy Brill answers the question on everyone s mind How did we end up this way Finally he introduces us to those working quietly and effectively to repair the damages At once a diagnosis of our national ills a history of their development and a prescription for a brighter future Tailspin is a work of riveting journalism and a welcome antidote to political despair
