Disney Plus Ideas:

Idea Engineering La Verne Abe Harris, 2014-01-03 Engineers and technologists often operate from a worldview of ones and zeros The mission of this book is to interject the colorful world of creative thinking to help engineers and technologists learn to think and work differently Thus idea engineering becomes the driving force transforming engineers and technologists into innovators and entrepreneurs using case studies and anecdotes from first hand experience The material in this book is organized to take the reader through basic concepts and techniques of creative thinking and innovation to better solve engineering and technological challenges It provides an overall understanding of who what why when and how idea engineering can transform an individual and a company to formulate and apply the best possibilities The target audience is university level students and practitioners especially upper division undergraduates and graduate students in engineering education industrial engineering engineering technology science and technology and then engineering practitioners from an engineering technology or science background It can be purchased individually as a text professional trade or reference title or accessed within a collection libraries and professional organizations would buy In addition the material in this book can supplement coursework in business communication management and applied creative arts As a core or supplemental text it would make a great foundation for a one credit course or a part of any three credit capstone design course or seminar stressing creative thinking and innovation It would also be a good overview for any layman interested in learning about creative thinking and innovation

MCU Joanna Robinson, Dave Gonzales, Gavin Edwards, 2023-10-10 **INSTANT NEW YORK TIMES BESTSELLER** Empire Christmas Gift Guide 2024 Books For Movie Lovers A superb chronicle of how Marvel Studios conquered Hollywood This definitive account of the Hollywood juggernaut thrills Publishers Weekly starred review The unauthorized behind the scenes story of the stunning rise and suddenly uncertain reign of the most transformative cultural phenomenon of our time the Marvel Cinematic Universe Marvel Entertainment was a moribund toymaker not even twenty years ago Today Marvel Studios is the dominant player both in Hollywood and in global pop culture How did an upstart studio conquer the world In MCU beloved culture writers Joanna Robinson Dave Gonzales and Gavin Edwards draw on more than a hundred interviews with actors producers directors and writers to present the definitive chronicle of Marvel Studios and its sole ongoing production the Marvel Cinematic Universe For all its outward success the studio was forged by near constant conflict from the contentious hiring of Robert Downey Jr for its 2008 debut Iron Man all the way up to the disappointment of Ant Man and the Wasp Quantumania and shocking departures of multiple Marvel executives in 2023 Throughout the authors demonstrate that the original genius of Marvel was its resurrection and modification of Hollywood's old studio system But will it survive its own spectacular achievements Dishy and authoritative MCU is the first book to tell the Marvel Studios story in full and an essential effervescent account of American mass culture

Media Libraries in an Age of Unending Consumption Mike Van Esler, 2023-10-24 As the home video market upended traditional film industry models media libraries emerged as important sources of ancillary revenue The inflection point for media library exploitation came in 2007 when Netflix launched its streaming service relying on extensive licensing of film and television libraries to grow its subscriber base In this book Mike Van Esler examines how media libraries and business models have evolved since the home video era with particular emphasis placed on the streaming age of the past fifteen years Van Esler argues that media libraries have grown beyond their usages from the pre home video era to become central to today's corporate media strategy By studying the ways in which media library exploitation has scaled up since the turn of the new millennium the author identifies insights into larger media industry trends Ultimately this book explores the intersection of corporate media independent distributors private equity tech companies and audiences Scholars of media studies business and sociology will find this book of particular interest

The Hamilton Phenomenon Chloe Northrop, 2022-07-05 The Hamilton Phenomenon brings together a diverse group of scholars including university professors and librarians educators at community colleges Ph D candidates and independent scholars in an exploration of the celebrated Broadway hit When Lin Manuel Miranda's musical sensation erupted onto Broadway in 2015 scholars were underprepared for the impact the theatrical experience would have Miranda's use of rap hip hop jazz and Broadway show tunes provides the basis for this whirlwind showcase of America's past through a reinterpretation of eighteenth century history Bound together by their shared interest in Hamilton an American Musical the authors in this volume diverge from a common touchstone to uncover the unique moment presented by this phenomenon The two parts of this book feature different emerging themes ranging from the meaning of the musical on stage to how the musical is impacting pedagogy and teaching in the 21st century The first part places Hamilton in the history of theatrical performances of the American Revolution compares it with other musicals and fleshes out the significance of postcolonial studies within theatrical performances Esteemed scholars and educators provide the basis for the second part with insights on the efficacy benefits and pitfalls of teaching using Hamilton Although other scholarly works have debated the historical accuracy of Hamilton The Hamilton Phenomenon benefits from more distance from the release of the musical as well as the dissemination of the hit through traveling productions and the summer 2020 release on Disney Through critically engaging with Hamilton these authors unfold new insights on early American history pedagogy costume race in theatrical performances and the role of theatre in crafting interest in history

Meetings and Conventions ,1977 **The Little Mermaid Magazine: Fall 1992** ,1992 *Once Upon an American Dream* Andrew Lainsbury,2000 Branded a cultural Chernobyl and the tragic kingdom the Euro Disney Resort has been on its own thrill ride since opening in 1992 The much publicized version of the Magic Kingdom gave Europeans alcohol free mocktails surly employees even colors too muted for the Disney image Facing financial disaster was it any wonder that Disney execs found themselves wishing upon a star for answers After so many knee jerk criticisms of Euro Disney this book combines firsthand experience and research to shed new light on claims that the park is nothing more than a form of American cultural imperialism Andrew Lainsbury a former Euro Disney employee who knows what the park meant to its visitors goes beyond media bites and academic scorn to examine Europe s love hate relationship with Euro Disneyland and some of the undiscussed issues surrounding it *Once Upon an American Dream* is a story of global capitalism on a grand scale Lainsbury has plumbed company archives and interviewed key players to give readers the real view from Le Chateau de la Belle au Bois Dormant Sleeping Beauty s Castle He cracks open the Euro Disney controversy to reveal the park not as a tragic experiment in exporting American culture but the result of European efforts to import a popular form of American entertainment Lainsbury tells how the Walt Disney Company came to build a European park and locate it in France how political negotiations affected its design and development how it was promoted to continental audiences and what caused its widely publicized financial woes before being rescued by a real prince from Saudi Arabia He reveals what it took to win back the hearts of skeptical Europeans such as serving wine selling flashy merchandise and placating disgruntled workers Finally he looks into the magic mirror to speculate on the role of Euro Disney and the Walt Disney Company in the twenty first century Ultimately Lainsbury shows that cultural imperialism is not an exclusively American phenomenon but a global corporate strategy and that global corporatism by needing to be responsive to consumers is so complex that it may not be as monolithic as feared *Once Upon an American Dream* is a fairy tale for our times reminding us that for all the critical huffing and puffing the creation and marketing of pleasure is what Euro Disneyland is all about **The Best Web Sites for**
