The New Feminine Brain Mona Lisa Schulz, 2013-07-16 Ever wonder why most women can handle the kids and careers and the renovation but men can concentrate on either the newspaper or a game on TV This is because female brains have more interconnections that allow them to multi task and split their attention The New Feminine Brain is the first book by a medical doctor who is also a psychiatrist and a brain expert to show how modern life challenges are physically rewiring the brain and to address the particular challenges that women face as a result The female brain today is not your grandmother s brain it has even more connections and skills but with that can come more physical problems including an increase in attention and memory deficits and chronic mood and health conditions The New Feminine Brain combines the insights of Dr

Schulz's research and stories of clinical experience as a neuropsychiatrist treating people with tough brain disorders with unique self help and expert health advice Readers will discover and cultivate their special genius and intuitive style with provocative self tests so they can hear and heal their depression anxiety attention memory and other brain problems Rewiring exercises herbs and nutritional supplements will improve their physical psychological and emotional health
