The Dark Social Tojia Cinque,Alexia Maddox,Robert W. Gehl,2023-11-07 This book explores how people interact online through anonymous communication in encrypted hidden or otherwise obscured online spaces Beyond the Dark Web itself this book examines how the concept of dark social broadens the possibilities for examining notions of darkness and sociality in the age of digitality and datafied life The authors take into account technical moral ethical and pragmatic responses to ourselves and communities seeking to belong in of the dark Scholarship on the Darknet and Dark Social Spaces tends to focus on the uses of encryption and other privacy enhancing technologies to engender resistance acts Such understandings of the dark social are naturally in tension with social and political theories which argue that for politics and acts to matter they must appear in the public light They are also in tension with popular narratives of the dark recesses of the web which are disparaged by structural powers who seek to keep their subjects knowable and locatable on the clear web The binary of dark versus light is challenged in this book The authors provocation is that practices of dark resistance motility and power are enacted by emerging data cultures This book draws together scholarship activism and creativity to push past conceptual binary positions and create new approaches to darknet and dark social studies The Dark Social Online Practices of Resistance Motility and Power will be a key resource for academics researchers and advanced students of media studies cultural studies communication studies research methods and sociology This book was originally published as a special issue of Continuum Journal of Media Cultural Studies

Gaming Democracy Adrienne L. Massanari,2024-10-29 How play and gaming culture have mainstreamed far right ideology through social media platforms From Gamergate to the ongoing Big Lie the far right has gone mainstream In Gaming Democracy Adrienne Massanari tracks the flames of toxicity found in the far right and alt right movements as they increasingly take up oxygen in American and global society In this pathbreaking contribution to the fields of internet studies game studies and gender studies Massanari argues that Silicon Valley s emphasis on meritocracy and free speech absolutism has driven this rightward slide These ideologies have been coded into social media spaces that implicitly silence marginalized communities and subject them to rampant abuse by groups that have learned to game the ecology of platforms algorithms and attention economies While populist movements are not new phenomena such as QAnon parental rights activism and COVID denialism

are uniquely of the internet with supporters demonstrating both technical acumen and an ability to use memes and play as a way of both building community and fomenting dissent Massanari explores the ways that the far right uses memetic humor and geek masculinity as tools both to create a sense of community within these leaderless groups and to obfuscate their intentions Using the lens of play and game studies as well as the concept of metagaming Gaming Democracy is a novel contribution to our understanding of online platforms and far right political activism Business Data Communications and Networking Jerry FitzGerald, Alan Dennis, Alexandra Durcikova, 2020-11-26 Business Data Communications and Networking 14th Edition presents a classroom tested approach to the subject combining foundational concepts practical exercises and real world case studies The text provides a balanced well rounded presentation of data communications while highlighting its importance to nearly every aspect of modern business This fully updated new edition helps students understand how networks work and what is required to build and manage scalable mobile and secure networks Clear student friendly chapters introduce explain and summarize fundamental concepts and applications such as server architecture network and transport layers network design processes and tools wired and wireless networking and network security and management An array of pedagogical features teaches students how to select the appropriate technologies necessary to build and manage networks that meet organizational needs maximize competitive advantage and protect networks and data from cybersecurity threats Discussions of real world management and technical issues from improving device performance to assessing and controlling costs provide students with insight into the daily networking operations of actual businesses American Journal of Health Education ,2008 The EBay Marketing Bible Clifford R. Ennico, Cindy Shebley, 2009 The ultimate guide to making big money on America s 1 online auction site Info exam ,2006 **The Deal** ,2006 Select Registry ,2008 PC World ,2006 Vanity Fair ,2012 **Macworld** ,2007-07 **Astronomy Now** ,2001 **Stop Cyberbullying** Kim Hua Tan, 2018 *Record Research* ,1980 **Scrapbook** ,1949 *The Aesthetics of Self-Harm* Zoe Alderton, 2018-05-11 The Aesthetics of Self Harm presents a new approach to understanding parasuicidal behaviour based upon an examination of online communities that promote performances of self harm in the pursuit of an idealised beauty The book considers how online communities provide a significant level of support for self harmers and focuses on relevant case studies to establish a new model for the comprehension of the online supportive community To do so Alderton explores discussions of self harm and disordered eating on social networks She examines aesthetic trends that contextualise harmful behavior and help people to perform feelings of sadness and vulnerability online Alderton argues that the traditional understanding of self violence through medical discourse is important but that it misses vital elements of human group activity and the motivating forces of visual imagery Covering psychiatry and psychology rhetoric and sociology this book provides essential reading for psychologists sociologists and anthropologists exploring group dynamics and ritual and rhetoricians who are concerned with the communicative powers of images It should also be of great interest to medical professionals dealing with self harming
