<https://aws.amazon.com/certification/certified-solutions-architect-professional> Competition on the Internet Gintarė
Surblytė, 2014-11-24 Undeniably widespread and powerful as it is the Internet is not almighty it can reach as high as the
skies cloud computing but it cannot escape competition Yet safeguarding competition in the network of networks is not
without challenges not only are competitive processes in platform based industries complex so is competition law analysis
The latter is often challenged by the difficulties in predicting the outcome of competition in particular in terms of innovation
Do the specific competition law issues in a digital environment presuppose a reconsideration of competition law concepts and
their application Can current competition law tools be adjusted to the rush pace of dynamic industries To what extent could
competition law be supplemented by regulation is the latter a foe or rather an ally This book provides an analysis of recent
developments in the most relevant competition law cases in a digital environment on both sides of the Atlantic the EU and
the US and assesses platform competition issues from a legal as well as an economic point of view **Lower Amazon and**
