Power Surge Thomas Schatz,2026 From the author of *The Genius of the System* the classic tale of Hollywood s first golden age comes the story of its last Thomas Schatz returns us to an era when a newly enriched movie industry rediscovered its creative energy and indie went mainstream without losing its edge Between 1989 and 2004 all the old studios either merged with other media giants or were swallowed up by even bigger diversified behemoths leading to an infusion of money and fast tracking the digital revolution Yet even as CGI and piles of cash fueled a new breed of blockbusters Batman and Titanic Toy Story and The Lord of the Rings an indie ethos permeated the industry And at the crossroads of commodification and aesthetic vision auteurs ranging from Steven Soderbergh and Quentin Tarantino to Sofia Coppola and Ang Lee became household names

Power Surge traces these trajectories which increasingly clashed and commingled during the 1990s and early 2000s resulting in nothing short of a new golden age and perhaps the last gasp of the century old studio system

Film and Tourism Marco Valeri, 2025-04-01 Film tourism has emerged as a major driver of tourism development for many destinations To date there has been substantial literature on the subject but little of it has engaged with the wider social science paradigm of culture film and media research The intellectual components of film tourism as an area of academic inquiry span several academic subjects such as marketing economics finance psychology social development sustainability and operations Film is a relatively obscure area of tourism research but the wider interconnections between tourism space and media are beginning to be explored and understood The interest which the topic has generated highlights this subject as one that is worthy of attention within both the academic community and in a practitioner context The contributions in this book discuss the debates about the perceived and actual impact of film tourism and what must still be learned about this phenomenon to create the most unique and satisfying visitor experiences and protect the communities and environments that it affects Fundamental questions are raised regarding the real demand for and draw of film as a tourism motivator and the range of assumptions conflicts and contradictions that underlie them

Television Goes Back to the Future Anthony N. Smith, Laura Minor, 2025-11-08 This book examines the extent to which the practices of television's past are shaping its online future Challenging industry and scholarly claims of digital disruption it demonstrates how streaming giants like Netflix Disney and Amazon Prime Video alongside public service broadcasters like the BBC and Channel 4 maintain deep continuities with television history adapting established industry practices online rather than abandoning them The authors look at how media institutions have applied conventional broadcast television practices around live transmissions linear scheduling commercial interruption and episode release cadences to streaming platforms how narrative and genre norms continue to underpin American television drama and British

TV sitcoms in online contexts and how globalised streaming services cultivate country specific programming and retain close ties to traditional practices of national broadcasting systems in South Korea
