Disrupting Sacred Cows Garrett B. Gunderson, 2022-06-28 During the 2008 financial crisis wealth strategist Garrett Gunderson made his timely debut into the literary world with his ground breaking book *Killing Sacred Cows* where he exposed the ingrained fallacies and destructive myths surrounding money and wealth This New York Times Bestseller provided a fresh and thoughtful approach to debunking many of our archaic beliefs and misguided traditions within the world of personal finance at a time when our trust and comfort in the status quo had been severely fractured Now 13 years later on the heels of both a global pandemic and technological revolution he returns with his highly anticipated follow up *Disrupting Sacred Cows* Disruptive events have the power to alter even the most basic assumptions we have about our lives and profoundly change the way we live them To many such dramatic and sudden shifts can create chaos confusion and fear However Garrett asserts that disruption while sometimes painful in its abruptness can also be a time rife with opportunity for incredible growth and transformation by allowing it to shake us out of what he calls a losing game When disruption happens we create a space to play a new game a winning game one that can create more wealth deepen relationships increase contribution to society and make life more fulfilling In his thought provoking book Garrett reveals The presence of Sacred Cows not only in your finances but also your relationships and the sinister role they play in keeping you from reaching your full potential How disrupting those Sacred Cows can unlock your true potential New ways to play the Game of Life and how to move from a losing game filled with sacrifice to a winning game Why the Consumer Condition is a zero sum game that enslaves us to the Sacred Cows of our society and more importantly how to break free from it How Blockchain technology is poised to become the next great digital disruption How Cryptocurrency is becoming the greatest wealth accumulation opportunity of our generation and how to glean insight from the internet revolution as a roadmap to success

A *Comparative Study of Islamic Finance in Australia and the UK* Imran Lum, 2021-09-28 This book provides valuable insights into the practical challenges faced by the nascent Islamic finance industry and compares the Australian experience to developments in the UK It contributes to a greater understanding of how Muslims living as a minority in Australia and the UK negotiate Islamic doctrine in secular societies by focusing on one aspect of this negotiation namely the prohibition of rib There is little debate in the Islamic tradition on the prohibition of rib The differences however lie in the interpretation of rib and the question of how Muslims live in a society that is heavily reliant on interest and conventional banking yet at the same time adhere to Islamic guidelines Through the words of religious leaders Muslim professionals and university students Imran Lum provides real accounts of how Muslims in Australia and the UK practically deal with conventional banking and finance products such as home loans savings accounts and credit cards He also explores Muslim attitudes towards Islamic finance and queries whether religion is the sole determining factor when it comes to its uptake Drawing on his own unique experience as a practitioner responsible for growing an Islamic business in a conventional bank Lum provides a firsthand

account of the complexities associated with structuring Islamic finance products that are not only sharia compliant but also competitive in a non Muslim jurisdiction Using uk k bonds as a case study he highlights the tangible and non tangible barriers to product development such as tax and regulatory requirements and the rise of Islamophobia Combining academic and industry experience Lum unpacks the relationship of Islamic finance with Muslim identity construction in the West and how certain modalities of religiosity can lead to an uptake of Islamic finance while others can lead to its rejection
