Company: Vegan Protein Blitz: Animal-Free Protein Powder

Our Mission

Vegan Protein Blitz: Animal-Free Protein Powder offers 25 grams of protein per serving without any use of animal protein—similar to, and in many cases, more than, the average amount of protein in similar products. We intend to appeal to those within the fitness community who are looking for a great-tasting protein powder without compromising on the amount of protein per serving. With some vegan protein powder products on the market currently, we expect mild competition and are confident we will be able to build a strong market position.

The Company and Management

Vegan Protein Blitz: Animal-Free Protein Powder was founded in 2018 by Sarah Bailey, a certified personal trainer and former food scientist, who couldn't find a vegan protein powder that tasted good and provided the amount she needed to fuel her fitness routine. Her kitchen is based in San Diego, California, where she employs two full-time employees and three part-time employees.

Along with Sarah Bailey, Vegan Protein Blitz: Animal-Free Protein Powder has a board of advisors. The advisors are:

1. Laura Henry, partner at Food Inc.
2. Kristin Smith, CEO of Just Nuts Vegan Health Bars

Our Product

We offer animal-free protein powder that is also made with all natural sugar sources and no preservatives. Our customers are health-conscious and serious about fueling their bodies with animal-free whole foods. We plan to grow quickly, with an initial goal of building a full-time marketing team of fitness advocates and professionals who understand the industry and our customers' needs.

Our Competitive Advantages

While there are other vegan protein powders on the national market, there are none that are made with all-natural sugar and with a comparable amount of protein as that of an animal-based powder. With the expertise of our founder Sarah Bailey, we also stand out as a company that truly understands the audience. Please see our market research (Section 3) for more information on why consumers are demanding this expertise.

Financial Considerations

Our sales projections for the first year are \$600,000 with a 50% growth rate over the next two years. By year three, we project 55% gross margins and will have ten full-time employees. The salary for each employee will be \$60,000USD.

Startup Financing Requirements

We are seeking to raise \$250,000 in startup funds to finance the first year. The owner has invested \$40,000 to meet working capital requirements, and will use a loan of \$80,000 to supplement the rest.
