Zelle Near Me Tutorial:

The Lesson of Carl Schmitt Heinrich Meier,2011-08-26 Heinrich Meier s work on Carl Schmitt has dramatically reoriented the international debate about Schmitt and his significance for twentieth century political thought In The Lesson of Carl Schmitt Meier identifies the core of Schmitt s thought as political theology that is political theorizing that claims to have its ultimate ground in the revelation of a mysterious or suprarational God This radical but half hidden theological foundation underlies the whole of Schmitt s often difficult and complex oeuvre rich in historical turns and political convolutions intentional deceptions and unintentional obfuscations In four chapters on morality politics revelation and history Meier clarifies the difference between political philosophy and Schmitt s political theology and relates the religious dimension of his thought to his support for National Socialism and his continuing anti Semitism New to this edition are two essays that address the recently published correspondences of Schmitt particularly with Hans Blumberg and the light it sheds on his conception of political theology
