Kahn, Christine A. Adamec, 2010-05-12 Explains the meaning of terms and concepts related to specific phobias forms of therapy and medicines and identifies key researchers      *Brave Flyer* Michael Salem, 2013 If you are nervous when getting on a plane spend most of your trip praying or thinking of disastrous scenarios over amplify any strange sound the plane produces or avoid flying all together then you belong to the 30 million people in the US alone who suffer from some sort of fear of flying This is a very serious matter that has negative impact on your personal and professional life even your health Avoiding a business trip can impact your career avoiding a personal trip will strip you from the joy of seeing new places and vacationing with your family and the stress will do wonders to your emotional and physical state Numerous books were written on this subject but most of them address the airline safety records What they seem to unintentionally ignore is that these numerical data do very little to comfort you the nervous flyer Why is that Because most of these books were written by regular authors or even airline experts who in most cases do not fear flying and cannot relate to your problem Author and subject matter expert Michael Salem could have easily been the spokesman for the fear of flying club if such a thing existed He was a genius at making up excuses just to avoid traveling by air excuses such as medical issues fabricated work schedules and meetings visiting family and even funerals of already dead family members He cannot even remember how many times his grandfather died in order not get on a plane Determined to free himself from this horrible fear Michael started analyzing his fears and interviewed many others who also fear flying He

collected data experimented with different approaches talked to pilots read related articles and much more After roughly four years in the making Michael developed what is now known as the Brave Flyer teachings which is a very effective approach to end someone's fear of flying Now you cannot stop Michael from flying to new places visiting family and friends Life is Great again for him and he wants to share his success strategy In this groundbreaking book Michael takes a refreshingly different look at what is known to many people as Fear of Flying a supposedly distinct and independent phobia related to being on a flying object most commonly a plane The book reveals that such a phobia does not even exist which explains why most people who try to rid themselves of this phobia through conventional methods such as reading books or attending therapy programs or through alternative methods such as hypnosis fail Simply put they are trying to treat a non-existent phobia So you ask yourself Why am I scared about being on a plane if there is no such phobia Well most people who avoid flying are not sure of the reasons why they are afraid to be on a plane They think they suffer from a phobia known as Fear of Flying because that's what they were told or have read If and only if they know exactly what is scaring them about being on a plane the chances of overcoming that fear would significantly increase Simply put they would understand the root cause of their fear and be able to treat it You see what is known as a Fear of Flying phobia is nothing more than an end result or a symptom of one or more underlying fears that present themselves as a single phobia Depending on the individual these fears can be related to heights loss of control or enclosed spaces In addition to the underlying fears there is an equally important cause of fear of flying and that is what is known as external elements These are the very normal and routine events that take place before or during the flight that cause the anxious flyer to become more alert such as the closure of the cabin doors the fasten seat belt light or even the ding sound that the pilot uses to communicate different messages This mind-bending and thought-provoking book will force your brain to naturally start visualizing that flying is safe

*Overcome Your Fear of Flying.* Robert Bor, Carina Eriksen and Margaret Oakes Robert Bor, 2009-07-23 Fear of flying is common affecting up to 30% of the adult population Overcome Your Fear of Flying written by two psychologists and a pilot looks at effective skills and techniques you can use to help reduce the anxiety commonly associated with flying

**The Joy of Flying** Walter Howard Gunn, 1987

**Soar** Tom Bunn, 2013-10-01 Captain Bunn founded SOAR to develop effective methods for dealing with flight anxiety Therapists who have found this phobia difficult to treat will find everything they need to give their clients success Anxious flyers who have tried everything to no avail can look forward to joining the nearly 10 000 graduates of the SOAR program who now have the whole world open to them as they fly anxiety free wherever they want This approach begins by explaining how anxiety claustrophobia and panic are caused when noises motions or even the thought of flying trigger excessive stress hormones Then to stop this problem Captain Bunn takes the reader step by step through exercises that permanently and automatically control these feelings He also explains how flying works why it is safe and teaches flyers how to strategically plan their flight choose the right airlines meet the captain and so on Through this program Captain Bunn

has helped thousands overcome their fear of flying Now his book arms readers with the information they need to control their anxiety and fly comfortably **How to Overcome Your FEAR of FLYING** Andreas J Flynn,2020-10-14 What if I told you that you can stop the phobia of flying If I also told you that you can end panic anxiety claustrophobia and fear of flying forever It s hard to believe A manager in a pinstripe suit quickly squeezes a pill out of the pill strip during the last call of his flight and swallows it hastily before boarding the plane Or take a look at the professional soccer player who leaves the ready for takeoff jet again just because he is afraid to fly Fear of flying is widespread And it affects everyone young and old man and woman frequent flyers and occasional flyers Around a third of passengers who board an aircraft suffer from fear of flying Damp hands only a funny feeling sweating or even downright panic attacks the range of symptoms of fear of flying is huge The airplane is the first choice means of transport today Time is money One appointment chases the next There s no getting around getting on a plane anymore And the most dangerous part of the flight is just getting to the airport Airplanes are the safest means of transport of all They are checked the most intensively Pilots are subject to the strictest controls and training requirements You are therefore in the safest and best hands when flying And yet almost everyone has a strange feeling That s because everything is a little different than in real life You are squeezed into tight seats and have little freedom of movement The solid concrete ceiling the foundation under your feet is missing You have to fasten your seat belt A lot of people are together in a small space Suddenly you can t even avoid strange smells You can no longer make your own decisions but for a certain time you are really at the mercy of others totally at the mercy of the aircraft and its crew Not all people develop a fear of flying But for those who show serious symptoms this eBook is just the right thing If you read it intensively and work through it you can even gradually reduce your existing fear of flying and even overcome it completely This eBook gives them step by step help It takes away your fear of flying by describing airplanes their structure and function explaining something about weather and turbulence and analyzing many of the factors that trigger fear of flying In the end flying will no longer be so monstrous cruel and mysterious but quite natural promised Now sit back and relax and start a relaxed flight through the world of jets airs and clouds with this eBook Ready for Take off Fasten your Seat belt and off you go Conquer Your Fear of Flying Maeve Byrne Crangle,2010-01-08 Fear of Flying Fear no more Read this life changing bestseller and look forward to a positive flying future Post 9 11 and following events like the MH17 Russian Plane crash and the mystery of missing flight MH370 even the most intrepid air traveller would be forgiven for feeling anxious about flying But best selling author consultant Psychologist and facilitator of the world renowned Fearless Flying Programme Dr Maeve Byrne Crangle reassures us in this life changing book that although incidents such as the attacks on the World Trade Centre in 2001 reinforce people s fears of flying we must focus on the fact that millions of flights take off and land safely all the time Conquer Your Fear of Flying is a positive and empowering guide to help you overcome anxiety and panic attacks when travelling by plane Based on The Fearless Flying Programme successfully run by Consultant Psychologist Dr Maeve Byrne

Crangle and now updated with the latest information on security screening and safety procedures at airports this well established book examines the many types of anxiety involved with flying and sets out a workable plan to conquer these apprehensions It offers a programme of self management showing the reader how to use proven stress management techniques to cope with and diffuse anxiety and panic before and during flights Included in this third edition are sections on the power of the mind and the use of affirmations as well as flight plans frequently asked questions and golden rules for fearless flying For over twenty years Dr Maeve Byrne Crangle ran the Fearless Flying Programmes for Aer Lingus Ireland s national airline Over 96% of participants in these programmes now travel more comfortably by air and enjoy the experience Air travel remains statistically safer than crossing the road and flying has proved to be twenty five times safer than driving your own car Conquer Your Fear of Flying is the book to convince even the most faint hearted flyers of these facts and to help them towards a happy and fearless future with air travel Conquering Your Fear of Flying Maeve Byrne-Crangle,2001
