Revised Edition* ENGLISH GRAMMAR., 1930 The First Lines of English Grammar Goold Brown, 2015-06-16 Excerpt from *The First Lines of English Grammar Being a Brief Abstract of the Author's Larger Work the Institutes of English Grammar Designed for Young Learners* Since the completion and publication of my Grammar of English Grammars it has frequently been suggested to me that a new and critical revision of the Institutes and First Lines to present them in a state of stricter conformity to that more elaborate work and to obviate at the same time some remaining defects which had occasionally been noticed might be the means of increasing the usefulness and sustaining the reputation of these pretty widely known school books Such an improvement of the Institutes the author carefully prepared for the stereotypers during the last year Having now performed in like manner and with proportionate pains a new revision or a sort of recasting of the First Lines of English Grammar he may perhaps without lack of modesty commend this little book to the managers of schools as being in his own estimation at least the best and cheapest epitome of English Grammar yet offered to their choice About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works The First Lines of English Grammar Goold Brown, 2018-10-07 Excerpt from *The First Lines of English Grammar Being a Brief Abstract of the Author's Larger Work the Institutes of English Grammar* Tan following epitome

contains a general outline of the principles of our language as embodied and illustrated in The Institutes of English Grammar The definitions and explanations here given are necessarily few and short The writer has endeavored to make them as clear as possible and as copious as his limits would allow but it is plainly impracticable to crowd into the compass of a work like this all that is important in the grammar of our language Those who desire a More complete elucidation of the subject are invited to examine the author s larger work About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works [The First Lines of English Grammar](#) Goold Brown,2018-01-29 Excerpt from The First Lines of English Grammar Being a Brief Abstract of the Author s Larger Work the Institutes of English Grammar Designed for Young Learners The time which has elapsed since the author first published this work has been mainly spent in labours and studies tending very directly to enlarge and mature his knowledge of English Grammar and especially to better his acquaintance with the great variety of books and essays which have been written upon it The principal result of these labours and studies has been given to the world in his large work entitled The Grammar of English Grammars To conform the future editions of these Institutes more nearly to the text of this large Grammar to supply some deficiencies which have been thought to lessen the comparative value of the former work to divide the book more systematically into chapters and subdivisions and to correct a few typographical errors which had crept in were the objects contemplated in the revision which has now been effected About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works [First English Grammar Abridged](#) ,1898 *A First English Grammar* Alexander BAIN (Professor of Logic in the University of Aberdeen.),1872
