### How Did Immigration Change?

Immigration changed dramatically from the late 19th century to the 1920s. In the late 19th century, most immigrants came from Europe. In the 1920s, most immigrants came from Asia and Latin America.

### What Did Immigrants Do?

In 1890, the majority of immigrants were Irish, Italian, and German. By 1920, the majority of immigrants were from Eastern Europe and Asia. Immigrants worked in factories, mines, and on farms. They also started businesses.

### Immigration and the U.S.

Immigration helped the U.S. become a world power. Immigrants brought new ideas and skills. They also helped build the U.S. economy. However, some people were afraid of immigrants. They thought immigrants would take jobs and lower wages.

During the 1920s, immigration was restricted. The Immigration Act of 1924 set a limit on the number of immigrants from each country. This act was based on the number of people from each country who were living in the U.S. in 1890.

Brockway,1982 *The New Immigration* Leif Jensen,1989-03-24 Lofty sentiments notwithstanding the United States has consistently sought to exclude impoverished immigrants from entering the country on the grounds that many become dependent on social welfare institutions Leif Jensen thoroughly explores the nature of poverty and public assistance utilization among immigrants to the United States during the years 1960 to 1980 Among the questions he explores are Has there been an increase in the level of poverty and the degree of public assistance utilized by immigrants to the United States during the past twenty years How do these levels compare to those for native born Americans and across key racial and ethnic groups How do individual and family characteristics affect the propensity of families to be poor or to receive public assistance Following an introduction to the study as a whole Jensen presents theoretical issues that bear on differences in poverty and welfare use He reviews U S immigration history with particular emphasis on those aspects that are relevant to poverty and the receipt of public assistance The chapters that follow review methodological issues then present the results of Jensen s empirical analysis two chapters focus on poverty at the family level and two consider public assistance utilization These chapters build a conceptual background for a multivariate model of poverty at the family level Because the mere propensity to receive public assistance is only one aspect of the welfare burden imposed by a particular group the author also examines the absolute amount of public assistance received Finally he synthesizes the key findings of his empirical analysis drawing conclusions regarding the pervasiveness of poverty and actual public assistance receipt among new immigrants Jensen s thorough analysis and provocative conclusions make this book essential reading for those interested in sociology demography economics and political science World Studies: Eastern Hemisphere Heidi Hayes Jacobs,Michal L. Santos,Mark Naylor,2019-02-14 Secularization as a movement away from a religious orientation to life is strong in Canada and has influence worldwide In this volume missiologists and practitioners across Canada consider how an agenda of

Christian mission and evangelism can be advanced in a secularizing environment How can believers be curious and engaged rather than defensive and fearful What changes are required from the evangelical community so that there is productive dialogue and action in ways that maintain faithfulness to the cause of Christ What should the approach of mission be to a new generation steeped in secular narratives How do we answer negative caricatures of Christian mission in light of the history of Residential Schools What examples from the past teach us about developing an irenic approach What positive trends are currently evident in Canada and around the world that counter the secularizing narrative These questions and more are considered in this volume by Canadian scholars who recognize the importance of being relevant to society while maintaining integrity with the Gospel message The essays address secularism in Canadian and worldwide contexts with seriousness insight and an underlying theme of hope recognizing that God s mission has been accomplished is being accomplished and will be accomplished
