

Mainly for discussion at class level. A sample of how the discussion is to proceed is given below.

Teacher : Students, all of you know how much food goes into waste during wedding parties. What do you say about it ?

Student A : Some guests fill their plates with various food items that they cannot eat. They realize it later and discard the food in the bins.

Student B : I know many people who say it's a status symbol to leave food in the plate.

Student C : One thing that I find surprising is that these people are already having enough. They do not think of those who barely manage a single meal.

Student D : It has been rightly said, 'Generosity is not in serving food ; generosity is in serving food to those who are hungry.'

Student E : There should be a law to check the rampant wastage of food in lavish wedding parties and celebrations.

Student A : Yes, in most marriages, the wastage of food is really very much. The half- eaten food items that are costly can be seen in the dustbins or on the floor.

Teacher : Food wastage is more of a habit than practice especially in children.

Student F : In my opinion, parents should be watchful enough to guide their children about the proper amount of food they should take. They should be taught not to waste food at all. They should take only those food items that they can eat.

Student B : The best way to save food is to take spoonfuls of each dish to taste and decide which are to be taken more. They shouldn't fill the plate with every food item and then discard it all in the bins.
