**Charles Manson: Conversations with a Killer** Edward George, Dary Matera, 2020-04-17 This is the gripping story of the real Charles Manson as told by his long time prison administrator counselor unofficial press agent and confidant Ed George Throughout my life people have asked me about Manson Does he have hypnotic powers Does he have a diabolical charisma Is he crazy My response is that for some people the answer to all of the above is yes except for the last question EDWARD GEORGE Charles Manson was perhaps the most infamous criminal of the twentieth century Convicted for orchestrating the shocking Tate LaBianca murders in 1969 and for two other killings there has been much written about him But not many people knew him as well as Edward George who over years of conversations with Manson as his prison administrator counselor unofficial press agent and confidant gained deep insight into Manson s mind set In this updated edition of George s riveting account he illuminates the many sides of Manson charismatic cult leader master manipulator calculated showman sly trickster and more George and his coauthor Dary Matera begin by detailing the troubling events of Manson s youth the historic 1969 murders and the subsequent trial that ended an era They then pull back the curtain on the intense reality of Manson s turbulent life behind bars and the events that have transpired since the initial publication of this book in 1999 including Manson s death in 2017

ever he told them to do including the most weird and perverse sexual acts leading up to and including murder Charles Manson was a short small man only 5 feet 2 inches tall He did not seem to have any attributes that would attract women Why did young women gather around him and become so devoted to him The girls in the Manson Family were wholesome appearing young women from good families with a proper upbringing nicely dressed and well educated What power did Charles Manson have to turn such girls into vicious killers who stabbed their victims whom they did not even know numerous times and then paint the walls with their blood The fact is that Charles Manson himself never killed nor harmed anybody He did not want to get into trouble Manson who ordered the Tate LaBianca killings but was not present for any of them was found guilty of murder and sentenced to death He had simply instructed his followers and family members to carry out the killings His most infamous killing was a case of mistaken identity He fancied himself a song writer so he approached a song publisher with some of his songs The song publisher rejected his offerings so Charles Manson became enraged and determined to kill him It so happened that the new tenant to the house was Roman Polanski film director producer writer and actor Roman Polanski was especially known as director of the horror movie Rosemary's Baby about a woman who gives birth to a child who is the Spawn of the Devil as the father of the child was Satan himself Because Roman Polanski was associated with Devil Worship that was thought to be the reason that house was selected and the Manson Family broke in and killed everybody inside but in reality that was an unfortunate coincidence Roman Polanski was not at home at the time but his beautiful wife actress Sharon Tate was there and she was eight and a half months pregnant So when the Manson Family had broken into the house killed Sharon Tate stabbing her 16 times and cut the baby out of her stomach and killed the baby too that was thought to have something to do with the movie Rosemary's Baby where something similar happens **Chaos** Tom O'Neill, 2019-06-25 A journalist's twenty year fascination with the Manson murders leads to shocking new revelations about the FBI's involvement in this riveting reassessment of an infamous case in American history Over two grim nights in Los Angeles the young followers of Charles Manson murdered seven people including the actress Sharon Tate then eight months pregnant With no mercy and seemingly no motive the Manson Family followed their leader's every order their crimes lit a flame of paranoia across the nation spelling the end of the sixties Manson became one of history's most infamous criminals his name forever attached to an era when charlatans mixed with prodigies free love was as possible as brainwashing and utopia or dystopia was just an acid trip away Twenty years ago when journalist Tom O'Neill was reporting a magazine piece about the murders he worried there was nothing new to say Then he unearthed shocking evidence of a cover up behind the official story including police carelessness legal misconduct and potential surveillance by intelligence agents When a tense interview with Vincent Bugliosi prosecutor of the Manson Family and author of Helter Skelter turned a friendly source into a nemesis O'Neill knew he was onto something But every discovery brought more questions Who were Manson's real friends in Hollywood and how far would they go to hide their ties Why didn't law enforcement including Manson's own parole officer
