**The Pastoral Review** ,1922 **How To Study For Long Hours** Salim Khan Anmol, 2020-01-15 How To Study For Long Hours First Class Tips start small and aim to study with concentration Once you concentrate on your subjects extending your studying hours feels like a difficult task Sounds confusing To help you find an accurate solution for your doubts like how many hours a day should I study Or how to stay motivated during exams below are a few methods to help you enhance your concentration during your studying hours for optimal outcomes Don t do all nighters you will regret it You may also think that by staying up all night working you re keeping on track with your studies But doing all nighters and functioning with a lack of sleep can end up having a serious impact on your health and in turn impede your work A good night s sleep is important to help stay focused and learn efficiently Sleep helps consolidate memory which is essential when studying and converting short term memory to long term So swap the extra cups of coffee or cans of Red Bull
