American Book Publishing Record ,2005 **Eat, Fast, Feast** Jay W. Richards,2020-01-07 The New York Times bestselling author and senior fellow at the Discovery Institute blends science and religion in this thoughtful guide that teaches modern believers how to use the leading wellness trend today intermittent fasting as a means of spiritual awakening adopting the traditions our Christians ancestors practiced for centuries into daily life Wellness minded people today are increasingly turning to intermittent fasting to bolster their health But we aren t the first people to abstain from eating for a purpose This routine was a common part of our spiritual ancestors lives for 1 500 years Jay Richards argues that Christians should recover the fasting lifestyle not only to improve our bodies but to bolster our spiritual health as well In *Eat Fast Feast* he combines forgotten spiritual wisdom on fasting and feasting with the burgeoning literature on ketogenic diets and fasting for improved physical and mental health Based on his popular series *Fasting Body and Soul in The Stream* *Eat Fast Feast* explores what it means to substitute our hunger for God for our hunger for food and what both modern science and the ancient monastics can teach us about this practice Richards argues that our modern diet heavy in sugar and refined carbohydrates locks us into a metabolic trap that makes fasting unfruitful and our feasts devoid of meaning The good news he reveals is that we are beginning to resist the tyranny of processed foods with millions of people pursuing low carb ketogenic paleo and primal diets This growing body of experts argue that eating natural fat and fasting is not only safe but far better than how we eat today Richards provides a 40 day plan which combines a long term nutritional ketosis with spiritual disciplines The plan can be used any time of the year or be adapted to a penitential season on the Christian calendar such as Advent or Lent Synthesizing recent science with ancient wisdom *Eat Fast Feast* brings together the physical mental and spiritual benefits of intermittent fasting to help Christians improve their lives and their health and bring them closer to God *The Ladies' Home Journal* ,2004-07 **Forthcoming Books** Rose Army,2003 [The Complete Idiot's Guide to Wills and Estates](#) Stephen Maple,2005-08 Although a majority of Americans are aware that they need a will about 70 percent of Americans don t have one The irony is that the legalities involved are not very complicated most people can get by with a good self help book Estate planning is largely the same A comprehensive plan to avoid probate or save on estate taxes doesn t usually require a lawyer most basic estate planning documents are easy and safe to prepare but again with the help of a good self help book In the third edition of *The Complete Idiot s Guide to Wills and Estates* readers will find A complete inventory of everything to consider and include in estate planning How a will fits in to an estate plan and what to consider and include How trusts work and whether you need one Tax considerations for every aspect of an estate plan **The Complete Idiot's Guide to Buying Foreclosures** Bobbi Dempsey,Todd Beitler,2005 To a growing number of people

foreclosures represent a failure to achieve the American dream But to another group also growing in number these same foreclosures represent investment opportunities that pay higher returns than these individuals could ever hope to see from their stock portfolios When it comes to foreclosures one man s money pit is another man s money hit The Complete Idiot s Guide to Buying Foreclosuresteaches readers how to find and finance those foreclosed and soon to be foreclosed residential properties with the highest potential return Covering both bank owned REO and government owned properties the book focuses on helping buyers distinguish between good investment properties and those plagued with liens and other pitfalls
