## **Icloud On Sale:**

**New Venture Creation** Paul Burns, 2023-12-30 Structured around the author's tried and tested New Venture Creation framework, this textbook encourages practical learning, enabling you to launch and develop your business. Broken down into three phases: Research, Business model development, and Launch, the book provides a systematic approach which tells you everything you need to know and most importantly, everything you need to do to start a new venture. You will learn how organisations and entrepreneurs address issues via real-life case insights and quotes, while fictional case studies are presented to explore how you might choose ways forward in your entrepreneurial journey. The popular and effective Workbook, which enables you to work through your thoughts and ideas on business development and construct a profile of your new venture, is now presented in a digital format. A new Digital links booklet directs to company websites and interviews with entrepreneurs, and these resources are designed so that they can be used concurrently with the book. This edition includes new material on the importance of anticipating new challenges and the need for re-strategizing and building resilience, while sustainability and diversity have been foregrounded in a re-examination of the case studies. **New Venture Creation** is the essential textbook for preparing for real-life entrepreneurial experience, accessible, practical, and grounded in academic insight.

**Management Control Systems For Strategic Changes: Applying To Dematurity And Transformation Of Organizations** Shufuku Hiraoka, Akimichi Aoki, 2020-12-02 This book clarifies the theory and practice of management control for strategy changes through the study of profit organizations, non-profit organizations, manufacturing, and service industries. The relationship between strategy and management control is clearly elucidated in the book, which enables readers to understand how to implement management control systems for strategic changes in their organizations. The unique topics covered in this book include the methodology for continuing existing businesses and spreading the risk in the business portfolio, the management control systems for the new platform business models such as IT hardware and SaaS (Software as a Service) needed for business structure transformation, as well as management controls that are functioning in various industries and organizations.

**Marxism** Christian Fuchs, 2019-11-21 This introductory text is a critical theory toolkit on how to make use of Karl Marx's ideas in media communication and cultural studies. Karl Marx's ideas remain of crucial relevance, and in this short, student-friendly book, leading expert Christian Fuchs introduces Marx to the reader by discussing 15 of his key concepts and showing how they matter for understanding the digital and communicative capitalism that shapes human life in twenty-first century society. Key concepts covered include dialectic materialism, commodities, capital, capitalism, labour, surplus value, the working class, alienation, means of communication, the general intellect, ideology, socialism, communism, and class struggles. Students taking courses in Media Culture and Society, Communication Theory, Media Economics, Political Communication, and Cultural Studies will find Fuchs' concise introduction an essential guide to Marx.
