the structure of DNA With a highly readable selection of inspiring episodes highlighting the role of beauty and simplicity in the sciences the book also relates to important philosophical issues of inference and Glynn ends by warning us not to rely on beauty and simplicity alone even the most elegant explanation can be wrong

Tipler, Gene Mosca, 2007-08-16 The Sixth Edition offers a completely integrated text and media solution that will enable students to learn more effectively and professors to teach more efficiently The text includes a new strategic problem solving approach an integrated Maths Tutorial and new tools to improve conceptual understanding
