have a strong feeling somewhere out there people need to hear it When I see and read about someone struggling with depression and they don't know how to deal with it it really breaks my heart sincerely I have seen how much they suffer from inside I can see where they are I can feel their desperations in life I often tell to myself if they only know how to manage and deal depression for Real they wouldn't be like this I can see their suffering loneliness frustrations pain and hopelessness with this illness But telling those directly is not easy because most people are too emotional to listen Only to their pains and sufferings Listening to someone who overcomes depression becomes a myth anymore Few only believe that this disease can really be cure and manageable Hence It could be a Challenge to tell someone that you can really Beat this Disease I know being a sufferer you can hardly pick up opinions from other people because what matters to you is how much you struggle inside how painful it is to carry day by day believing to yourself that nobody can relate to you except you and the people who struggle with it We may have different experiences in life maybe yours is too painful than mine but my experiences with depression taught me many things in life I have seen how much I have hated myself to how much I APPRECIATE the PAIN I was begging for cure for so long that I dig deep down to my core being on what's really happening to me I have observed myself thoroughly from the moment when I was depressed to the time I'll be okay These elements are too powerful to beat and handle It takes a lot of Understanding Awareness Discipline Sacrifices Beliefs and Prayers to fully recover from this sickness I have seen myself how much I have suffered from depression I dealt with it like a tortured one I was jailed by my own doing and hopeless to get out from the darkness Depression eats me whole I was being consumed by It the all of me to the point of reading the word PAIN aches my heart painfully This pain that I have been through is too much to handle on my own So I look for an answer forcefully on how to be better Learning and adjusting myself took me years to fully manage myself back And in those processes life teaches me lessons I never knew I could understand things clearly and passionately These 15 HIDDEN SECRETS of mine on Beating Depression On Your Own are my personal experiences that I wanted to share to you on how I have survived depression and how I managed it without the help of a doctor or any medical drugs In this book I tell everything My Secrets that I have kept for so long that until now nobody even recognized that I have depression I honestly tell you in this book how I have made it and I hope that you have faith in your self that you could do it too I made this Book for you
