Shaping TikTok as an interdisciplinary field in and of itself, this insightful and timely volume will be of great interest to students and scholars of new and digital media, social media, popular culture, communication studies, sociology of media, dance, gender studies, and performance studies.

The Nalik Language of New Ireland, Papua New Guinea Craig Alan Volker, 1998. The first grammar of the Austronesian language coming at a time when most of the island's Nalik speakers are increasingly using English and Tok Pisin. Rejects the idea of an artificial standard form of the language and describes the grammatical variation caused by the highly fluid linguistic ecology. Sets out some of the most salient features in the morphology and syntax and briefly introduces the society in which it is spoken, its geographic and cultural settings, and links to other languages.
