*Encounters* Juhani Pallasmaa, 2005 These essays from Juhani Pallasmaa the Finnish architect educator and critic cover 25 years of reflection on the nature of architecture and culture By turns idealistic and somber skeptical and persuasive *Encounters* is a passionate and precisely phrased set of arguments addressing the task of architecture at hand

**Encounters: Encounters 1** Juhani Pallasmaa, 2005 The essays included in this book examine the various themes of architecture Through explorations of anthropology psychology sociology philosophy technology and nature the essays lectures and articles provide a comprehensive and detailed study of architecture as it relates to contemporary culture

*Building Paradise* Harry Francis Mallgrave, 2021-09-29 A sweeping historical study *Building Paradise* seeks to construct a garden ethic for the design arts It is an ethic predicated on the idea that with our recent ecological and biological insights we can build more intelligently than the status quo of current design practices The paradisiacal instinct is the motivation behind every artistic impulse From its theological origins to the present the idea of paradise the garden as a place of peace beauty and happiness has acquired numerous meanings It was a motif expounded in the earliest cultures of Mesopotamia Egypt and the Indus Valley and it later became a dominant feature of Buddhist Judeo Christian and Islamic practices It informed Greco Roman mythologies and the design of a Japanese garden it was a motivation for the Renaissance humanists and was complicit in visions of a New Arcadia within the landscapes of the Americas This book underscoring how the built and urban environments shapes culture takes a biophilic approach and draws upon the major advances of the human sciences of the last few decades to argue on behalf of a design ethic centered squarely on human needs and aspirations Written for students and academics within architecture and all related fields this book focuses on the efforts to build paradise in a material way

*From Object to Experience* Harry Francis Mallgrave, 2018-06-28 Harry Francis Mallgrave combines a history of ideas about architectural experience with the latest insights from the fields of neuroscience cognitive science and evolutionary biology to make a powerful argument about the nature and future of architectural design Today the sciences have granted us the tools to help us understand better than ever before the precise ways in which the built environment can affect the building user's individual experience Through an understanding of these tools architects should be able to become better designers prioritizing the experience of space the emotional and aesthetic responses and the sense of homeostatic well being of those who will occupy any designed environment In *From Object to Experience* Mallgrave

goes further arguing that it should also be possible to build an effective new cultural ethos for architectural practice Drawing upon a range of humanistic and biological sources and emphasizing the far reaching implications of new neuroscientific discoveries and models this book brings up to date insights and theoretical clarity to a position that was once considered revolutionary but is fast becoming accepted in architecture

**Why Old Places Matter** Thompson M. Mayes,2018-09-01  
 Why Old Places Matter is the only book that explores the reasons that old places matter to people Although people often feel very deeply about the old places of their lives they don t have the words to express why This book brings these ideas together in evocative language and with illustrative images for a broad audience The book reveals the fundamentally important yet under recognized role old places play in our lives While many people feel a deep seated connection to old places from those who love old houses to the millions of tourists who are drawn to historic cities to the pilgrims who flock to ancient sites throughout the world few can articulate why The book explores these deep attachments people have with old places the feelings of belonging continuity stability identity and memory as well as the more traditional reasons that old places have been deemed by society to be important such as history national identity and architecture This book will be appealing to anyone who has ever loved an old place But more importantly it will be an useful resource to articulate why old places are meaningful to people and their communities This book will help people understand that the feeling many have for old places is supported by a wide variety of fields and that the continued existence of these old places is good It will give people the words and phrases to understand and express why old places matter
