Eros Ideologies Laura E. Pérez, 2019-10-11 In *Eros Ideologies* Laura E. Pérez explores the decolonial through Western and non-Western thought concerning personal and social well-being. Drawing upon Jungian people of color and spiritual psychology alongside non-Western spiritual philosophies of the interdependence of all life forms, she writes of the decolonial as an ongoing project rooted in love as an ideology to frame respectful coexistence of social and cultural diversity. In readings of art that includes self-portraits by Frida Kahlo, Ana Mendieta, and Yreina D. Cervantes, the drawings and paintings of Chilean American artist Liliana Wilson, and Favianna Rodríguez's screen-printed images, Pérez identifies art as one of the most valuable laboratories for creating, imagining, and experiencing new forms of decolonial thought. Such art expresses what Pérez calls eros ideologies: understandings of social and natural reality that foreground the centrality of respect and care of self and others as the basis for a more democratic and responsible present and future. Employing a range of writing styles and voices from the poetic to the scholarly, Pérez shows how art can point to more just and loving ways of being.

meXicana Fashions Aída Hurtado, Norma E. Cantú, 2020-01-10 2020 Second Place Best Nonfiction Multi Author International Latino Book Awards. Collecting the perspectives of scholars who reflect on their own relationships to particular garments, analyze the politics of dress, and examine the role of consumerism and entrepreneurialism in the production of creating and selling a style, *meXicana Fashions* examines and searches for meaning in these visible performative aspects of identity. Focusing primarily on Chicanas but also considering trends connected to other Latin American communities, the authors highlight specific constituencies that are defined by region (Tejana style, L.A. style, age group, homie chola) and social class (marked by haute couture labels such as Carolina Herrera and Oscar de la Renta). The essays acknowledge the complex layers of these styles, which are not mutually exclusive but instead reflect a range of intersections in occupation, origin, personality, sexuality, and fads. Other elements include urban indigenous fashion, shows, the shifting quinceañera market, walking altars on the Days of the Dead, plus-size clothing, huipiles in the workplace, and dressing in drag. Together, these chapters illuminate the full array of messages woven into a vibrant social fabric.
