**Encyclopedia of Biblical Prophecy** J. Barton Payne, 2020-09-30 After twenty years of research Dr J Barton Payne has compiled the one complete guide to Biblical prophecy From the prediction of Adam s death in Genesis 2 17 to the prophecy of mankind s perpetual worship of God in the new heaven and earth Psalm 72 5 the ENCYCLOPEDIA OF BIBLICAL PROPHECY discusses every verse of prophetic matter in Scripture It identifies every probable point of fulfillment whether in the past present or still in the future The first 144 pages of the ENCYCLOPEDIA OF BIBLICAL PROPHECY set forth a systematic approach to the subject of Biblical prophecy and the legitimate place for prediction in it The ENCYCLOPEDIA is arranged according to the 66 books of the Bible In each book all the verses on one prophetic theme are treated in one combined discussion For example The 12 verses of Genesis that foretell God s granting of the land of Canaan to the descendants of Abraham are discussed together It is then shown how the promise was fulfilled in the days of Joshua One of the ENCYCLOPEDIA S concluding summaries lists all the 737 major subjects that appear in Biblical prediction with the books and paragraphs in which each is found This way each prophecy can be traced from its first appearance in the Bible to its last Among the many features is a complete list of all the Scriptural prophecies pertaining to Christ No other book has ever examined Biblical prophecy so thoroughly or presented it in such a balanced perspective as the ENCYCLOPEDIA OF BIBLICAL PROPHECY 1 817 entries covering all the Biblical predictions in both the Old and New Testaments A complete discussion of all 8 352 predictive verses in the Bible 14 tables including three on the Book of Revelation Bibliography 4 summaries 4 statistical appendixes 5 complete indexes An indispensable tool for students of the Bible for students in theological seminaries and Bible colleges for pastors as a reference guide and for concerned lay people The ENCYCLOPEDIA OF BIBLICAL PROPHECY is certain to bring a fresh understanding and rewarding insights of the bible *Encyclopedia of Prophecy* Geoffrey Ashe, 2001-06-04 A definitive factual A Z reference guide offering a global perspective on the role of prophecy in world history religion folklore and literature From at least 1200 B C and probably long before prophets have attempted to see into the future Most from ancient oracles to modern astrologers from doomsday sects to telephone psychics have been wrong the majority of the time says British researcher Geoffrey Ashe True foreknowledge is rare but those rare occurrences are impressive In this fascinating reference work the first to encompass the entire 3 000 year span of recorded prophecy Ashe examines the predictions of both good prophets and bad including seers like Jacques Cazotte who forecast the Reign of Terror in the French Revolution and Morgan Robertson who described the Titanic disaster 14 years before it happened He refutes many of the far fetched claims of Nostradamus and highlights those that foreshadow events after his lifetime He also examines failed prophecies that have been influential including the many end of the world forecasts along with the surprisingly accurate visions of some science fiction authors **The Encyclopedia of Prophecy** Omar V. Douglas Geivett,Gary R. Habermas,2025-10-16 Rumors of deception have surrounded claims of Jesus resurrection ever since the soldiers appointed to guard his tomb made their report to the Jewish authorities But no one has led the philosophic charge against miracles quite as influentially as David Hume with his 1748 essay Of Miracles Refined revised restated his arguments still affect philosophic discussions of miracles today During the twentieth century strong arguments have been raised by Antony Flew professor emeritus at Keele University in England Flew has contributed a fresh statement of his objections to the idea of God's acting in history just for this volume which also includes Hume's classic critique as a part of the case against miracles In response Douglas Geivett and Gary Habermas have assembled a distinguished team of scholars to rebut the objections and set forth the positive case for God's action in history Richard Purtill clarifies the word miracle while Norman Geisler critiques Hume's case against miracles Francis Beckwith and Winfried Corduan assess how we would recognize miracles in the past and in the present Ronald Nash examines naturalism's exclusion of miracles and shows its self referential incoherence J P Moreland discusses whether science properly rules out the possibility of miracles God's existence and action in history are probed by David Beck and Stephen Davis while Douglas Geivett argues that within a theistic framework it is reasonable to expect miracles as confirmation of claims to special revelation David Clark examines miracles within the context of various world religions Robert Newman John Feinberg

William Lane Craig and Gary Habermas conclude by investigating fulfilled prophecy the virgin birth and incarnation of Jesus the empty tomb and the resurrection appearances In *In Defense of Miracles* is a comprehensive up to date discussion that should not be overlooked by anyone concerned with the current debate over miracles

**Is Jesus of Nazareth the Predicted Messiah?** Douglas D. Scott, 2019-02-04 Christians in general and preachers of prophecy in particular attribute the fulfillment of hundreds of Old Testament messianic prophecies to Jesus of Nazareth Often these claims arise in the uncritical environment of Christian churches or popular literature that is treating messianic prophecy People with critical thinking abilities and those endowed with a skeptical nature often have key questions that remain unaddressed in such environments These thinkers and skeptics are the people that will be most interested in this work The primary question addressed is this Do critically acceptable historical evidential reasons exist for believing that Jesus Christ is the direct fulfillment of some specific Old Testament messianic texts Approaching this question within a framework that eliminates any possibility of staged prophetic fulfillment and those that may occur by mere chance or collusion produces results that must be taken seriously Even with these strict criteria Jesus emerges as the only viable candidate to fulfill some of the prophecies included in this study For other prophetic texts the evidence is not as abundant or convincing However even these texts yield several minimal facts that directly impinge on New Testament claims about Jesus
