Kid Confidence Eileen Kennedy-Moore, 2019-01-02 A wise and realistic program for instilling genuine self esteem in children Kirkus Reviews starred review Help your child cultivate real lasting confidence In *Kid Confidence* a licensed clinical psychologist and parenting expert offers practical evidence based parenting strategies to help kids foster satisfying relationships develop competence and make choices that fit who they are and want to become As parents it s heartbreaking to hear children say negative things about themselves But as children grow older and begin thinking about the world in more complex ways they also become more self critical Alarming studies show that self esteem for many children takes a sharp drop starting around age eight and this decline continues into the early teen years So how can you turn the tide on this upsetting trend and help your child build genuine self esteem With this guide you ll learn that self esteem isn t about telling kids they re special It s about helping them embrace the freedom that comes with a quiet ego a way of being in the world that isn t preoccupied with self judgment and instead embraces a compassionate view of oneself and others that allows for both present awareness and personal growth When kids are less focused on evaluating and comparing themselves with others they are freer to empathize with others embrace learning and connect with the values that are bigger than themselves You ll also discover how your child s fundamental needs for connection competence and choice are essential for real self esteem Connection involves building meaningful and satisfying relationships that create a sense of belonging Competence means building tangible skills And choice is about being able to make decisions figure out what matters and choose to act in ways that are consistent with personal values When children are able to fulfill these three basic needs the question of Am I good enough is less likely to come up If your child is suffering from low self esteem you need a nuanced parenting approach Let this book guide you as you help your child create unshakeable confidence and lasting well being
