**Foundations of Forensic Vocational Rehabilitation**  
Rick Robinson, 2013-12-03 This is the first fundamental text to focus specifically on forensic vocational rehabilitation a field that is forecast to grow rapidly Forensic vocational rehabilitation consultants evaluate the vocational and rehabilitation needs of individuals in an array of legal settings such as civil litigation workers compensation Social Security disability and others The text is unique in its exploration of the vocational rehabilitation process from a biopsychosocial perspective that views

disability as a complex and multidimensional construct The book comprehensively describes the parameters and theoretical issues of relevance in evaluating and developing opinions in forensically oriented matters It culls and synthesizes current peer reviewed literature and research on this private subspecialty practice area of rehabilitation counseling including theories models methods procedures and fundamental tenets of the field Also included is current information about the labor market life care planning and professional identity standards and ethics The text is designed for graduate and postgraduate students in rehabilitation counseling and psychology as well as practicing forensic vocational rehabilitation consultants and professionals moving toward practice in this arena Chapters are authored by noted scholars or published practitioners in each subject area and include an introduction to the content area discussion of key terminology and concepts and a review of the current and historical literature with emphasis toward future research needs and evidence based practice The book fulfills the requirement by the Commission on Rehabilitation Education CORE for training in this subject area at the graduate level for new certification or certification maintenance Key Features Comprises the only foundational text to focus specifically on forensic vocational rehabilitation Synthesizes peer reviewed research into one authoritative source Describes the role function and scope of practice of the rehabilitation counselor in private forensic vocational rehabilitation practice Fulfills CORE requirements for certification

**Handbook of Race-Ethnicity and Gender in Psychology** Marie L. Miville, Angela D. Ferguson, 2014-02-06 Multicultural aspects of psychology have received some attention in the literature in the last decade A number of texts currently address these significant concerns for example Counseling the Culturally Different Sue Handbook of Multicultural Counseling Poterotto et l 2009 and Handbook of Multicultural Counseling Competencies Pope Davis Coleman 2005 In their most recent editions several of these books address more nuanced complexities of diversity for example the intersections of gender or social class with race ethnicity Meanwhile other texts have addressed gender issues in psychology Handbook of Counseling Women Counseling Men with some attention paid to racial ethnic and other diversity concerns Clearly the progression of scholarship in this field reflects the importance of incorporating multiple aspects of diversity within psychology However no book currently exists that fully addresses the complexities of race ethnicity and gender together Better understanding of the dual impact of race ethnicity and gender on psychological functioning may lead to more effective conceptualizations of a number of mental health issues such as domestic violence addictions health related behaviors and achievement Exploring the impact of race ethnicity and gender also may provide a broader understanding of self in community as this affects individuals families and other social groups and work and career development Topics of interest may include identity development worldviews and belief systems parenting styles interventions for promoting resilience and persistence and strategies for enhancing more accurate diagnostic and treatment modalities Today s world is comprised of multiple and intersecting communities that remain in need of psychological models and interventions that support and promote both individual and collective mental health We believe that utilizing

unidimensional conceptual models e.g. focusing solely on race ethnicity or gender no longer adequately addresses psychological concerns that are dynamic complex and multi faceted The proposed Handbook will focus on timely topics which historically have been under addressed for a number of diverse populations
