The Fourth Tier Armand Pires, Ryan Sherman, 2026-01-08 The Fourth Tier introduces a groundbreaking extension to the MTSS model empowering schools and districts with a practical framework to address the growing student mental health crisis and ensure every learner receives the support they need to thrive *Think Big!* RoseMary Ludt, 2020-07-01 Think Big A Resource Manual for Library Programs That Attract Large Teen Audiences is a how to manual for librarians who want to attract large groups of teens to their libraries with meaningful memorable events Large programs may seem to be impossible to attempt until the project is broken down into the separate parts needed Think Big begins with those separate parts necessary to create a large event starting with the logistics of time and place the budget and how to find funding making a timeline to make everything fall into place communication among all of the people involved marketing to the teen audience troubleshooting with thorough preparation and the importance of evaluations for reporting and for future planning Part 2 is a collection of best practices Seventeen successful large programs are included contributed by librarians who have dared to think big and made it work Included are the book and author programs in school and public libraries There are also creative programs about poetry and dance STEM activities pop culture and school and work Every section has two to four programs Each program explains how the program began and evolved to the event it is today A timeline how the program was financed who assisted to make every step successful how the program was publicized and how evaluations were collected and written are provided in detail to empower a librarian to tackle their first time big program **Pop Culture Yoga** Kristen C.

Blinne, 2020-01-23 Pop Culture Yoga A Communication Remix was born out of a series of questions about the paradoxical nature of yoga How do individuals and groups define yoga What does it mean to practice yoga and what does this practice involve What are some of the most important principles guidelines or philosophical tenets of yoga that shape people's definitions and practices Who has the power and authority to define yoga What are the limits if any of shared definitions of yoga Kristen C Blinne explores the myriad ways yoga is communicatively constructed and defined in and through popular culture in the United States In doing so Blinne offers insight into the many identity work processes in play in the construction of yoga categories illuminating how individuals and groups words and actions represent practices of claiming part of a complex communicative process centered around membership categorization based on a range of authenticity discourses Employing popular culture writing styles Blinne ultimately contends that the majority of yoga styles practiced in the United States are remixes that can be classified as pop culture yoga a distinct way of understanding this complex phenomenon

Devised! Doreen Dodgen-Magee, 2018-10-08 With current statistics suggesting that the average American over the age of 14 engages with screens upwards of 10 hours a day the topic of our growing dependence upon technology applies to nearly everyone While the effects differ at each point of development real changes to the brain relationships and personal lives are well documented Devised explores these alterations and offers a realistic look at how we can better use technology and break

away from the bad habits we've formed Using personal stories cutting edge research and anecdotes from youth parents and professionals Dodgen Magee highlights the brain changes that result from excessive technology use and offers an approach to the digital world that enables more informed and lasting change and a healthier long term perspective Given that the reader is living within a culture of ever changing and advancing technologies *Devised* is written in such a way that its contents can weather the constantly changing digital landscape by focusing on the concepts of honest assessment and healthy boundary setting rather than on specific technologies or platforms *Devised* offers a mindful approach to assessing current technology use breaking bad habits setting new norms and re engaging with life with renewed richness and awareness
