Youtube Today:

Law and Ethics for Today's Journalist Joe Mathewson, 2014-12-18 Law and Ethics for Today's Journalist offers aspiring and working journalists the practical understanding of law and ethics they must have to succeed at their craft. Instead of covering every nuance of media law for diverse communications majors, Mathewson focuses exclusively on what's relevant for journalists. Even though media law and media ethics are closely linked together in daily journalistic practice, they are usually covered in separate volumes. Mathewson brings them together in a clear and colourful way that practicing journalists will find more useful. Everything a journalist needs to know about legal protections, limitations, and risks inherent in workaday reporting is illustrated with highlights from major court opinions. Mathewson advises journalists who must often make ethical decisions on the spot with no time for the elaborate, multi-faceted analysis. The book assigns to journalists the hard decisions on ethical questions such as whether to go undercover or otherwise misrepresent themselves in order to get a big story. The ethics chapter precedes the law chapters because ethical standards should underlie a journalist's work at all times. There may be occasions when ethics and law are not parallel, thus calling for the journalist to make a personal judgment. Law and Ethics for Today's Journalist is user-friendly, written in clear, direct, understandable language on issues that really matter to a working journalist. Supplementary reading of the actual court cases is recommended, and links to most cases are provided in the text. The text includes a fine but purposely not exhaustive bibliography listing important and useful legal cases, including instructive appellate and trial court opinions, state as well as federal.

Essential Grammar for Today's Writers, Students, and Teachers Nancy M. Sullivan, 2014-11-21 This innovative grammar text is an ideal resource for writers, language students, and current and future classroom teachers who need an accessible refresher in a step-by-step guide to essential grammar. Rather than becoming mired in overly detailed linguistic definitions, Nancy Sullivan helps writers and students understand and apply grammatical concepts and develop the skills they need to enhance their own writing. Along with engaging discussions of both contemporary and traditional terminology, Sullivan's text provides clear explanations of the basics of English grammar and a highly practical, hands-on approach to mastering the use of language. Complementing the focus on constructing excellent sentences, every example and exercise set is contextually grounded in language themes. Teachers, students, and writers will appreciate the streamlined, easy-to-understand coverage of essential grammar, as well as the affordable price. This is an ideal textbook for future teachers enrolled in an upper-level grammar course, yet is also suitable for any writing course across disciplines where grammatical precision is important. Instructor materials accompanying the text provide teachers with activities designed for face-to-face, hybrid, and online instruction to enliven these basic grammar lessons, as well as writing activities to integrate these concepts into students' own writing.

Day Trading Attention Gary Vaynerchuk, 2024-05-21 New York Times and USA Today Bestseller. One thing I've learned being around Gary for the last decade is that when he sees new consumer trends or new best practices in marketing, people should listen and act on them.

Michael Rubin CEO of Fanatics In his seventh business book bestselling author entrepreneur and investor Gary Vaynerchuk offers fresh in depth advice to enhance brand development grow sales and beat the competition using modern advertising strategies grounded in social media In his 2013 bestseller Jab Jab Jab Right Hook Gary Vaynerchuk showed the world how to create winning content for underpriced attention channels But since then new platforms have emerged others have become less relevant and algorithms are incentivizing new styles of content New skills are necessary to create advertising that builds brand and sales In his latest book Vaynerchuk argues that today s fast growing businesses brands content creators and influencers have one thing in common They mastered storytelling in areas of underpriced attention which predominantly exists across a handful of social media platforms Informed by 20 years of business and marketing success he contends that the biggest transformation and opportunity is the TikTokification of Social Media Increasingly platforms are distributing content based on what users are interested in rather than who they follow In Day Trading Attention Gary offers detailed advice on how small businesses large corporations and creators can Understand attention what it is where it is where it s underpriced and how to leverage it Produce relevant strategic content Use modern advertising platforms to build brand and grow sales in today s rapidly changing environment [Stepping Stones to Christianity](#) Peter S. Williams,2025-10-17
