whisperer and Find Your Next is the best toolkit for landing on your company's next. Lane Cardwell, President of P F Chang's China Bistro, and Andrea Kates's ideas about the Business Genome project are cutting edge. They will completely transform the way we think about the impact of cross-organizational connections as a way to fuel business growth. James Fowler, author of *Connected: The Surprising Power of Our Social Networks and How They Shape Our Lives* and Professor of Medical Genetics and Political Science at UC San Diego, says Find Your Next combines radical thinking, innovative insight, and real-world experience to give corporate leaders a powerful compass in this era of unprecedented economic challenge. Catherine Crier, former judge, journalist, and New York Times bestselling author, says years ago she thought about what was next for music fans and turned to lessons learned from NASCAR and the NFL, not other musicians, to come up with the inspiration for the Lollapalooza festival. That's exactly what Find Your Next provides: an easy-to-follow guide to game-changing innovation based on cross-industry thinking. Perry Farrell, founder of Lollapalooza festival and legendary rock frontman for Jane's Addiction, says the difference between a great idea and a great business result is the ability to integrate insights from lots of different sources and get an entire organization on board quickly. Kates is onto something truly novel. Find Your Next could easily become the new industry standard for innovation. A must-read. Mark Vachon, GE Company Officer, says if you thought you've been thinking creatively about your business, get ready for a new ride. In her book, Andrea Kates describes the Business Genome approach: a radically fresh roadmap to infuse innovative change into your business. Pure magic. Nick Pudar, Vice President, Strategy, Adjunct Lecturer, Farley Center for Entrepreneurship and Innovation, McCormick School, Northwestern University, and independent innovation consultant, says Find Your Next brings together a collection of insights and approaches that challenge everyone in an organization, from the CEO to the front line, to be nimble and build new muscles for rapid innovation. It disrupts the patterns of incremental growth from traditional strategic planning. The result is a process that can get your organization to market faster and leapfrog the competition.
