Tickmarks

✓	No exceptions noted
1	This sample was signed off by the AP Supervisor, Sally Miller, not the AP Specialist, Jane Smith. Per discussion with Jane, she was on vacation that week, so her supervisor Sally Miller performed this control. No exception noted.
2	The unit cost and total cost on the purchase order did not agree to the invoice. I noted that the vendor, Computers Inc. was located in Canada. When I converted the invoice price to US dollars, it matched the purchase order. See my calculation on the invoice sample and the attached print out of the CAD rate for the day of the invoice. No exceptions noted.

Conclusion

This control is operating effectively.
