Using ICLOUD on Your iPhone Apple Store Staff, 2018-01-21 From a technological standpoint the past decade has been an exciting one Ten years ago Apple's original iPhone provided a glimpse into the future and showed the world what could be possible using a smartphone But by today's standards that original iPhone's capabilities aren't that impressive especially when you know what is possible with an iPhone 8 iPhone 8 Plus or the iPhone X During this past decade many of us have become extremely reliant on our iPhones The device has evolved into a powerful communications productivity organization digital photography navigation information gathering digital payment fitness money management and entertainment tool that fits easily in the palm of our hands and functions almost anywhere As the iPhone has continued its rather rapid evolution Apple has introduced the iPad tablets and Apple Watch all of which now work seamlessly together in ways that only science fiction writers and the world's leading tech visionaries including the late Steve Jobs could have imagined just a decade ago The

operating system that allows the iPhones and iPads to function is called iOS In September 2017 Apple introduced a major update called iOS 11 It offers an impressive collection of enhancements to existing features and functions as well as new tools that we ll soon come to rely heavily upon in our daily lives This all new seventh edition of iPad and iPhone Tips and Tricks quickly gets you up to speed using iOS 11 It uncovers the most important functionality that this operating system has to offer and also helps you acclimate to the newest functions of the latest iPhone and iPad models However if you haven t yet upgraded to one of these new devices you can still take full advantage of what iOS 11 has to offer as long as you re using a compatible smartphone or tablet that was released by Apple in the past few years
