*The Crisis of Progress* John C. Caiazza,2016-01-06 This book is about the concept of progress its separate varieties its current rejection and how it may be reconsidered from a philosophical and scientific basis John C Caiazza s main emphasis is on how science is understood as it has a direct impact on social values as expressed by prominent philosophers He argues that progress is at a standstill which presents a crisis for Western civilization Caiazza presents historical examples both of scientific inquiry and social and cultural themes to examine the subject of progress Beginning with the Whig model and progressive political values exemplified by Bacon and Dewey he also examines other variations the Enlightenment cosmopolitanism and totalitarianism Technology argues Caiazza also has a stultifying effect on Western culture and to understand the idea of progress we must take a philosophic rather than a scientific point of view Modern cosmology has inevitable humanistic and theological implications and major contemporary philosophers reject social science in favor of ancient concepts of virtue and ethics In the end Caiazza writes that time is an agent not a neutral plain on which scientific and historical events occur We can expect technology to keep us in stasis or become aware of the possibility of transcendence This book will be of interest for students of scientific history and philosophy

Professional Scrum with Team Foundation Server 2010 Steve Resnick,Aaron Bjork,Michael de la Maza,2011-04-04 Professional guidance on using Microsoft s Visual Studio toolset for agile project management Focusing on both process and results this professional guide offers a practical approach to running agile software projects using Visual Studio s project management templates and tools You ll first get a thorough overview of the interaction between traditional scrum based agile development techniques and the Microsoft Soutions Framework before drilling down into the detail The book covers tools best practices key templates key
