Balancing Agricultural Development and Deforestation in the Brazilian Amazon Andrea Cattaneo,2002 Since the 1970s federal policies promoting migration and encouraging agricultural development of large farms logging and ranching have led to the deforestation of vast areas of the Amazon rainforest Though these policies have largely been replaced deforestation continues What effects do current macroeconomic and regional policies and events have on deforestation and on the well being of settlers on the agricultural frontier This report identifies the links between the agriculture and logging sectors in the Amazon economic growth poverty alleviation and natural resource degradation in the region and in Brazil as a whole It considers the effects of currency devaluation building roads and other infrastructure in the Amazon property rights adoption of technological change and fiscal incentives and disincentives to deforest The results are sometimes counterintuitive but shed new light on why slowing deforestation is so difficult and on the trade offs between environmental and economic goals

Sustainable Amazon Robert R. Schneider,2002 Annotation This report adds to the discussion of land use in the Brazilian Amazon It analyzes the harmful effects of increasing levels of rainfall on agricultural settlement and productivity

Financial Dimensions of Marketing Decisions David W. Stewart,2019-05-04 This book is about linking marketing activities and outcomes to the financial performance of the organization The theme of the book is that the marketing function must justify its activities and use of resources in terms of its financial contributions to the firm More specifically the book focuses on how marketing activities generate cash flow growth and other financial benefits for the organization This perspective provides a framework for long term investments for purposes of evaluating and ranking the funding of proposed projects
