Ipad Venmo Price

Nicky Gonzalez

Ipad Venmo Price:

Mayra Nicky Gonzalez, 2025-07-22 An eerie hypnotic debut about friendship desire and memory set against the sultry backdrop of Florida's swamplands A mesmerizing hallucinatory adrenaline rush of a novel Claire Luchette author of *Agatha of Little Neon* It's been years since Ingrid has heard from her childhood best friend Mayra a fearless rebel who fled their hometown of Hialeah a Cuban neighborhood just west of Miami for college in the Northeast But when Mayra calls out of the blue to invite Ingrid to a weekend getaway at a house in the Everglades she impulsively accepts From the moment Ingrid sets out danger looms The directions are difficult she's out of reach of cell service and as she drives deeper into the Everglades the wet maw of the swamp threatens to swallow her whole But once Ingrid arrives Mayra is in many ways just as she remembers with her sharp tongue and effortless seductive beauty still thumbing her nose at the world Before they can fully settle into the familiar intimacy of each other's company their reunion is spoiled by the reemergence of past disagreements and the unexpected presence of Mayra's new boyfriend Benji The trio spend their hours eating lavish meals and exploring the labyrinthine house which holds as much mystery as the swamp itself Indoors and on the grounds time itself seems to expand and Ingrid begins to lose a sense of the outside world and herself Against this disquieting setting where lizards dart in and out of porches and alligators peek from dark waters Gonzalez weaves a surreal unforgettable story about the dizzying power of early friendship and the lengths we'll go to earn love and acceptance even at the risk of losing ourselves entirely

Demystifying Global Macroeconomics John E. Marthinsen, 2020-02-10 *Demystifying Global Macroeconomics* DGM provides readers with a practical working use of international macroeconomics For serious business and political leaders understanding the global interconnections in economic and financial markets is crucial for making informed and well timed decisions DGM takes the mystery out of seemingly complex economic interactions by providing an easy to understand framework within which to analyze the effects of economic social and political shocks to a nation's economy John E Marthinsen integrates the three major macroeconomic sectors which are the credit market goods and services market and foreign exchange market The author provides the reader with contemporary examples that virtually leap off the front pages of our daily news reports and confront business managers and politicians with choices and decisions to make For example DGM shows how to use macroeconomic tools and a global framework to analyze the effects of U S tariffs on China and China's tariffs on the United States Infrastructure spending Speculative capital outflows from nations under stress such as Argentina and Turkey and speculative capital inflows into safe haven countries such as Switzerland Demonetization in India Successfully fighting the opioid abuse problem in the United States Border adjustment tax Monetary policies Fiscal policies Marthinsen keeps readers visually engaged with the strategic use of figures tables charts and illustrative exhibits *Demystifying Global Macroeconomics* emphasizes the interaction among markets and equips readers with a macroeconomic perspective that will last and be used for years If you are adopting this book for a teaching course please contact Stefan
