**The Cultural Legacy of Disney** Robyn Muir, Emily Aguiló-Pérez, Hannah Helm, Rebecca Rowe, 2024-08-06 This book critically engages with the Walt Disney Company as a global media conglomerate as they mark their 100th year of business. It reflects on and looks forward to the past, present, and future of the company and the scholarly engagement surrounding it through three key areas: Disney as a Company, Disney's Representations, and Relating to Disney. Disney as a Company identifies the corporate and management cultural changes over Disney's 100-year history with contributors examining Disney's transnational media influence, changes in management strategy, and Disney's recent transmedia venture. Disney's Representations features chapters critically engaging with gender, disability, and iconic characters that imply cultural change. Relating to Disney embodies the crucial work of examining how audiences engage with Disney, with contributors exploring fashion, Disney Fandom, and identity, and how people engage with the space of the Parks. This edited collection explores the newer additions to the company but also reflects on the company's past over its 100 years. The chapters provide a diverse examination of the many facets of one of the most successful global media conglomerates, providing scholars, students, and interested audiences a global and interdisciplinary snapshot of the Walt Disney Company at 100 years.

**Reasserting the Disney Brand in the Streaming Era** Robert Alan Brookey, Jason Phillips, Timothy Pollard, 2023-04-07 Reasserting the Disney Brand in the Streaming Era investigates the evolution of the Disney brand at a pivotal moment: the move from content creation to acquisition and streaming, and how the company reasserted its brand in a changing marketplace. Exploring how Disney's acquisition of Pixar, Marvel, Lucasfilm, and Fox positioned the company to launch the Disney streaming service, the chapters look at the history of those acquisitions and the deployment of the content brands and intellectual property from those acquisitions through an analysis of the original content that appeared on Disney. Offering a focused investigation of how the content offered from these various media brands was adapted for Disney so that it reflects the Disney brand, the authors illustrate through close textual analysis how this content reflects elements of the Classic Disney Style. The analysis positions these texts in relation to their industrial contexts while also identifying important touchstone texts, both television and film, in Disney's catalog. This comprehensive and thoughtful analysis will interest upper-level students and scholars of media studies, political economy, Disney studies, media industries, and new technology.

Uncle Cheryl Thompson, 2021-03-02 From martyr to insult: how Uncle Tom has influenced two centuries of racial politics. Jackie Robinson, President Barack Obama, Supreme Court Justice Clarence Thomas, O. J. Simpson, and Christopher Darden have all been accused of being an Uncle Tom during their careers. How, why, and with what consequences for our society did Uncle Tom morph first into a servile old man and then to a racial epithet hurled at African American men deemed by other Black people to have betrayed their race? Uncle Tom, the eponymous figure in Harriet Beecher Stowe's sentimental anti-slavery novel *Uncle Tom's Cabin*, was a loyal Christian who died a martyr's death. But soon after the best-selling novel appeared, theatre troupes across North America and Europe

transformed Stowe's story into minstrel shows featuring white men in blackface In Uncle Cheryl Thompson traces Tom's journey from literary character to racial trope She explores how Uncle Tom came to be and exposes the relentless reworking of Uncle Tom into a nostalgic racial metaphor with the power to shape how we see Black men a distortion visible in everything from Uncle Ben and Rastus The Cream of Wheat chef to Shirley Temple and Bill Bojangles Robinson to Bill Cosby In Donald Trump's post truth America where nostalgia is used as a political tool to rewrite history Uncle makes the case for why understanding the production of racial stereotypes matters more than ever before **Everything Guide Walt Disney**
