Tarnanidis, Theodore,Sousa, Bruno,Vlachopoulou, Maro,Papachristou, Evridiki,Kittu Manda, Vijaya,2025-10-01 In today s economy diversity and inclusion are effective marketing practices for brands wanting to authentically connect with the multicultural marketplace As consumer demographics grow and evolve businesses must embrace inclusive strategies that reflect the values and experiences of diverse communities Effective multicultural marketing helps with representation and fosters engagement ensuring products and messaging resonate with a broad spectrum of cultural backgrounds By prioritizing inclusivity companies can enhance brand loyalty and trust while driving innovation and expanding their market reach in an increasingly interconnected world Diversity and Inclusion Driven Marketing for Multicultural Marketplaces explores the importance of diversity and inclusion in marketing for consumer wellbeing It pinpoints the actions taken by individual organizations and marketers and examines policies and actions integrated in both education and marketing practice This book covers topics such as marketing diversity and inclusion and gender bias and is a useful resource for academicians business owners researchers consultants policymakers and data scientists *EBOOK: Principles and Practices of Marketing 10/e* JOBBER AND ELLI,2023-02-21 *EBOOK Principles and Practices of Marketing 10 e* **How to Do More with Less** Sharon Gai,2026-03-30 An honest and practical strategy guide to working in a world transformed by AI In today s workplace headlines about artificial intelligence can feel overwhelming With headlines swinging between promises of utopia and warnings of mass unemployment for most knowledge workers the truth feels unclear In this book Sharon Gai cuts through the noise Drawing from real world examples and global insights she explains how AI is reshaping the way we work without hype or fearmongering Instead of choosing between blind optimism or outright pessimism she offers a practical balanced perspective that helps readers make sense of the rapidly evolving AI landscape You ll learn how to Reskill and future proof your career in the face of AI disruption Identify which parts of your role can be automated and which require human creativity and judgment Use proven frameworks to evaluate AI s impact on your work and your organization Apply actionable tips and tools to boost productivity make smarter decisions and do more with less Gain clarity as a parent leader or professional navigating what this means for the next generation Whether you re an employee anxious about your future a

parent concerned about your children's opportunities or a leader managing a lean team with tight budgets this book provides the strategies and mindset you need to adapt so you can stop worrying and start preparing

*Writing In-House Medical Device Software in Compliance with EU, UK, and US Regulations* Philip S. Cosgriff, Matthew J. Memmott, 2024-03-26 This book is a comprehensive guide to producing medical software for routine clinical use. It is a practical guidebook for medical professionals developing software to ensure compliance with medical device regulations for software products intended to be sold commercially, shared with healthcare colleagues in other hospitals, or simply used in-house. It compares requirements and latest regulations in different global territories, including the most recent EU regulations as well as UK and US regulations. This book is a valuable resource for practising clinical scientists producing medical software in-house, in addition to other medical staff writing small apps for clinical use, clinical scientist trainees, and software engineers considering a move into healthcare. The academic level is post-graduate, as readers will require a basic knowledge of software engineering principles and practice.

**Key Features:** Up to date with the latest regulations in the UK, the EU, and the US. Useful for those producing medical software for routine clinical use. Contains best practice.

**Clean Winners** Goutam Challagalla, Frederic Dalsace, 2026-03-24 Despite massive investments, sustainable business still isn't very profitable for most companies. Here's a fresh approach for resetting sustainability for customer value and profitability. Store aisles packed with products labeled environmentally friendly. Businesses scrambling to respond to stakeholder demands that they make their operations sustainable. Ads touting green credentials for all kinds of enterprises. For a long time now, this has been the market landscape we've lived in, with companies such as Unilever leading the way and creating pressure for others to follow suit. But the uncomfortable truth is that after years of investment in sustainable products and services, most companies still aren't seeing the payoff, not financially, not in value for customers, and not in real environmental and social impact. Why not? As IMD professors Goutam Challagalla and Frederic Dalsace show in this eye-opening and practical book, the shortfall is due to a strategic misalignment and a misunderstanding of what actually drives customers' purchase decisions. The authors flip conventional sustainability strategy on its head, instead of companies asking "How can we make our offerings more sustainable?" they should be asking "How can we use sustainability as a catalyst to improve the performance of our products, make them more affordable, or both?" Viewed this way, sustainability is an intrinsic value-generating element of an offering rather than a costly add-on. The authors call companies that understand this insight "Clean Winners" or "Resonators." With wide-ranging and instructive stories, they show how Resonators use sustainability to increase customer value and generate robust profits. Offering practical frameworks, tools, and tactics, *Clean Winners* is your essential guide to reimagining your sustainability strategy.

*Apple Watch Seniors Guide 2025* Peter T. Williams, 2025-08-25 If your Apple Watch feels more confusing than helpful, you're not alone. Many seniors buy a smartwatch and end up frustrated by tiny text, hidden settings, and features that seem impossible to figure out. Instead of
