Romantasy S 2025 Customer Service

Richard S. Gallagher

Romantasy S 2025 Customer Service:

Waiting For Service Amas Tenumah,2021 You hate waiting in line or on the phone for customer service There have been plenty of books about customer service that all seem to offer secrets to improve customer service This is not that book I instead want to focus on Why customer Service is so broken and give you the secrets to get around it Customer service is bad by design Your bad customer service is not random it is intentional Customer Service is universally terrible this is not an opinion You do not have to believe me I am saying it is raining outside and you can simply look out the window I spent two decades helping dozens of your favorite brands with customer service You will laugh get mad all over again at some of the conversations I have had with executives around customer service I name names expose Customer Service nightmares from Travel to Cable Walmart fast food and so much I also provide you with how to get around bad service and offer radical thinking to reset customer service Amas Tenumah

The Best Service is No Service Bill Price,David Jaffé,2011-09-14 In this groundbreaking book Bill Price and David Jaffe offer a new game changing approach showing how managers are taking the wrong path and are using the wrong metrics to measure customer service Customer service they assert is only needed when a company does something wrong eliminating the need for service is the best way to satisfy customers To be successful companies need to treat service as a data point of dysfunction and figure what they need to do to eliminate the demand The Best Service Is No Service outlines these seven principles to deliver the best service that ultimately leads to no service Eliminate dumb contacts Create engaging self service Be proactive Make it easy to contact your company Own the actions across the company Listen and act Deliver great service experiences *Delivering Legendary Customer Service* Richard S. Gallagher,2000

[Digital Customer Service](#) Rick DeLisi, Dan Michaeli, 2021-08-31. Digital Customer Service is the new standard for creating a 5 star customer experience. As much as technology has improved our lives for many people, customer service experiences remain unnecessarily frustrating. But the advent of Digital Customer Service (DCS) promises to make these interactions seamless and effortless by creating experiences that occur entirely on a customer's own screen, even in situations where it is preferable to speak to an agent. Digital Customer Service: Transforming Customer Experience for an On-Screen World traces the evolution of customer service as well as the evolution of customer expectations and the underlying psychology that drives customer behavior from the days of the first call centers in the 1980s all the way to today's digital world. Written for Customer Service and Customer Experience leaders as well as C-suite executives, CEOs, CFOs, CIOs, Digital Customer Service helps business leaders balance three critical priorities: Creating an excellent experience for customers that increases customer loyalty and profitability; Driving down the cost of Customer Service Support interactions while increasing revenue through Sales interactions; Moving quickly toward the goal of digital transformation. We have discovered in our research and our first-hand experience that when companies commit to achieving true Digital Customer Service, they can make significant progress toward all three of these goals at once. Digital Customer Service provides the roadmap for how your company can get there. And when you do, who wins? EVERYONE.
