The Economics Impact of Access versus Ownership. An Analysis of Spotify Jacob Papageorgiou,2016-12-08 Bachelor Thesis from the year 2016 in the subject Business economics Business Management Corporate Governance grade 1 0

Kingston University London Music course BA Music language English abstract The recording industry is undergoing an economic decline The new generation needs a business model which supplements the demands of the digital age This dissertation investigates the consumption of digital music Rapid development in the digital music market has been led by the growth of online streaming services such as Spotify Consumers now have the choice to obtain songs from a selection of paid and non paid legal sources A perspective concerning digital natives is seen through the theory of access replacing ownership Consumer group analysis of demands shows that ownership seems to be outdated Spotify acts as an example to the theory of access Access and ownership is further examined in this dissertation These ideas are analysed alongside the economic impact of consumer behaviour in the music industry

**Strategic Market Management** David A. Aaker, Damien McLoughlin, 2010 The text is a European adaptation of our current US book Strategic Market Management 9th Edition by David Aaker This new edition is a mainstream text suitable for all business students studying strategy and marketing courses Strategic Market Management Global Perspectives is motivated by the strategic challenges created by the dynamic nature of markets The premise is that all traditional strategic management tools either do not apply or need to be adapted to a more dynamic context The unique aspects of the book are its inclusion of A business strategy definition that includes product market scope value proposition and assets and competences A structured strategic analysis including a detailed customer competitor market and environmental analysis leading to understanding of market dynamics that is supported by a summary flow diagram a set of agendas to help start the process and a set of planning forms Concepts of strategic commitment opportunism and adaptability and how they can and should be blended together Bases of a value proposition and strong brands A strategy without a compelling value proposition will not be market driven or successful Brand assets that will support a business strategy need to be developed Creating synergetic marketing with silo organisations defined by products or countries All organisations have multiple products and markets and creating cooperation and communication instead of competition and isolation is becoming an imperative A global perspective is an essential aspect of this new edition This reflects the lived experience of the student reader but also their likely professional challenges This is achieved by the extensive use of new examples and vignettes

The Deal ,2010 Competing with Disruptive Business Models in Traditional Industries. Conceptualisation of a Strategic Framework Nils Berkemeyer, 2016-05-06 Master s Thesis from the year 2015 in the subject Business economics Business Management Corporate Governance grade 1 0 Cass Business School language English abstract An increasing number of journalistic articles and academic literature deal with the struggle of established companies to fend off the attacks by industry newcomers such as Airbnb Spotify Netflix Google and many others These companies enter traditional industries with innovative business models and compete in a manner which makes it challenging for incumbent firms to understand their novel competition and respond effectively This study introduces a typology of three stages of industry disruption that classify the newcomer s developmental stage and describe the incumbent

s competitive position in terms of competition intensity and remaining time to respond It is demonstrated how incumbents may conduct their strategic reasoning along these stages to arrive at a strategic goal and evaluate possible counter measures
