## **Art Since 1940:**

**Art Since 1940** Jonathan David Fineberg, 1995 This book helps us understand the strategies of being of the greatest postwar artists and by extension other artists both well known and little celebrated Professor Fineberg focuses on artists lives and how they intersected with broader cultural issues Individual artists looked at in depth include Calder Hofmann Gorky Motherwell de Kooning Pollock Newman Rothko David Smith Dubuffet Giacometti Bacon Rauschenberg Oldenburg Johns Beuys Klein Warhol Rosenquist Westermann Arneson Hesse Nauman Christo Polke Guston Bearden Aycock Kiefer Clemente Borofsky Basquiat and Wojnarowicz Professor Fineberg s thematic discussion treats ideas and events that are critical to understanding how social and cultural climates have affected creative people from the 1940s to the present The accent is on individual artists and their experience Interspersed are fascinating considerations of scores of major tendencies from the CoBrA art informed British Pop Art Bay Area figurative painters in the 1950s and the artists and writers of the Beat Generation to the Minimalists the impact of feminism minority artists conceptual art European neo expressionism East Village scene makers of the 1980s recent artists of appropriation and the return to the body in the art of the 1990s BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Art Since 1940** Jonathan David Fineberg, 2011 This book attempts to survey art from 1940 to the present as an accumulation of unique contributions by individual artists interspersed with a few chapters that concern the broader context of the seven decades treated here Pref **Art Since 1940** Jonathan David Fineberg, 2000 This book attempts to survey art from 1940 to the present as an accumulation of unique contributions by individual artists interspersed with a few chapters that concern the broader context of the six decades treated Pref **British Social Realism in the Arts since 1940** D. Tucker, 2011-07-01 This is the first book of its kind to look across disciplines at this vital aspect of British art literature and culture It brings the various intertwined histories of social realism into historical perspective and argues that this sometimes marginalized genre is still an important reference point for creativity in Britain **ART SINCE 1940, 3RD ED. JONATHAN. FINEBERG, Art Since 1940** Jonathan Fineberg, 2006 *Art After the Bomb* Darrell D. Davisson, 2008 This book is requisite reading material for any person claiming to be an educated and informed member of the global community Our understanding in the West of the Eastern cultures specially the different cultures involving the Muslims is alarmingly low The book strives to offer a view from the ground a keyhole perspective that offers the readers a close and personal peek into some of the ethical underpinnings and the philosophical guiding parameters that inform the Muslim and the Eastern mind There are over 1.3 billion Muslims in the world It would be a serious intellectual fallacy to assume that they are all homogenous or to be more preposterous assume they are all terrorists It is extremely tragic that it took the Iranian hostage crisis to teach us about Shia Islam and 9/11 to teach us about Wahabi Islam Properly acquired knowledge not just what we learn from the media will allow us to be anticipatory and rational rather than being reactive and emotional For the Muslim reader specially the children and the

youth the book strives to offer a deeper understanding of Islam beyond the boundaries of ritual Islam into the wide open space of spiritual and intellectual Islam To inspire them to appreciate and live up to the wonderful legacy of Islam and not to be mired down into some deviant interpretations of people with questionable motives The book is designed to encourage the process of tearing down walls and building bridges We share common dreams aspirations and challenges We share a common globe and a common destiny The author believes that there are no clashes of civilizations just clashes of ignorance and misunderstanding

Fantastic Images; Chicago Art Since 1945 Franz Schulze,1972 In *Fantastic Images* critic Franz Schulze presents the first comprehensive discussion of the body of work which has been called sometimes affectionately and sometimes disparagingly the Chicago School of art The author considers the work of 28 artists a diverse group bound together more by attitude than style by its almost perverse but deliberate inclination to bypass the mainstream of the Paris and New York schools Mr Schulze puts the discussion into context by tracing its beginnings in the 1940s through its development in the 1960s and 70s Dust jacket flap
