Smith, 2025-12-11 Without a mother and raised by a father who was remiss Smith's story begins walking in life looking through the eyes of a child After suffering a childhood tragedy still feeling the sting behind her painful loss she began to write though not realizing God was leading her to write it all down As years passed she felt as though she was living under the weight of trials that seemed to just keep coming Seeking the heart of God while pouring over Scripture she was searching to find an answer to her disquieting question What do you want me to see Years later she saw it God had not changed He continues to reveal his heart through his servants molded by seasons of brokenness betrayal seasons of solitude and silence before using them as instruments of change Her compelling and transparent real life stories enriched through biblical knowledge personal struggles and uplifting moments can help to build faith and sharpen discernment while inviting

redirection and embracing self worth Her touching story ends by engaging the heart of the reader to self reflect and to seek to know something more about knowing God who the author deeply affirms qualifies the called **The Worldview of the Word of Faith Movement: Eden Redeemed** Mikael Stenhammar,2021-12-16 This volume approaches the Word of Faith as a worldview and analyses the movement through N T Wright s model for worldview analysis in order to provide necessary nuance and complexity to scholarly interpretations of the Word of Faith The reader receives insights into the movement s narrative semiotic practical and propositional dimensions which cumulatively offer a multifaceted understanding of how the Word of Faith interprets reality and engages with the world The analysis shows that there is a narrative core to Word of Faith beliefs in the form of a unique theological story with focus set on the present restoration of Eden s authority and blessings This study demonstrates how the Word of Faith operates as a distinct worldview that parses the world through the lens of faith s causative power to affect a direct correspondence between present reality and Eden s perfection The findings advance a critical and therapeutic approach that acknowledges how the worldview both strengthens and subverts Pentecostalism
