com Corporate Finance: Theory and Practice in Emerging Economies Sunil Mahajan,2020-12-03 The book introduces corporate finance to first year students in business schools Basic subjects such as marketing human resources and finance are all fundamental to the learning of a business manager A book on these subjects must emphasise learning that is conceptual in nature and at the same time application oriented This book attempts to achieve this in a manner that is comprehensive and shorn of complexity It examines the practice of finance without diluting theory and conceptual knowledge Corporate finance is necessarily quantitative in nature and the book duly places emphasis on that aspect It ensures the primacy of ideas and concepts utilising numbers as supportive elements *Modern Corporate Finance* Donald R. Chambers,Nelson J. Lacey,1999 The second edition of *Modern Corporate Finance Theory and Practice* combines a forward looking vision of corporate finance with the tried and true practices of the past This text emphasizes the modernist movement in finance which is based on systematic methodology with an emphasis on deductive reasoning and empirical validation The modernist movement produces a market value based approach to finance that emphasizes shareholder wealth maximization options and agency relationships This movement has expanded without question the frontiers of knowledge in finance Until *Modern Corporate Finance Theory and Practice* instructors have lacked a framework from which to teach these concepts at the introductory level BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved
