INTRODUCTION TO E-BUSINESS JENAMANI, MAMATA,2025-11-22 Introduction to E

Business is the outcome of the author's more than a decade of dedicated teaching research and curriculum development in the field of digital business. Closely aligned with the courses on E Business, this book distills the experience gained from classroom interactions, industry collaborations, and the fast-changing digital landscape into a structured learning resource. The book is designed to serve MBA students specializing in technology and management, undergraduate students pursuing in information systems, and industry professionals seeking a comprehensive yet practical understanding of e-business. Its modular structure also allows faculty members to adapt the material for either a technology-oriented or management-oriented approach. Organized into four parts, the book builds progressively from foundational concepts to advanced applications. Part I introduces business basics and information systems foundations. Part II explores the digitization of procurement, customer engagement, and supply chain operations. Part III covers enabling technologies including internet infrastructure, security, and payments system integration and supply chain traceability. Part IV emphasizes decision support in e-business through web analytics, sentiment analysis, recommender systems, and auctions. Each chapter is enriched with case studies, examples, and exercises, making the book not just theoretical but also application-driven. Supported by slide decks for classroom use, it provides living contents that reflect ongoing technological shifts and evolving business practices. The book equips readers with systems thinking, analytical rigor, and practical insights to thrive in the digital enterprise era.

KEY FEATURES

Infinity Curve - Lamentations to Unseen Friends Across the Vastness of Space Blade Cort, 2021-05-16 Infinity Curve Book 5 of 8 in the Predictable Paths series, ebook, postapocalyptic dystopian longevitiescience. Rick's mission is clear: blast the night sky with a brilliant petawatt laser signal in a last-ditch effort to warn unseen alien civilizations how to avoid humanity's decay. But in the post-Debate oligarchies of 2075, nobody steps out of line. Nobody. Despite the risk that every clock tick might expose his activities, he blusters forth a furious, volatile rant, playing a risky game of finishing the task before the oligarchs finish him. <https://bladecort.com>
