

JAMIE O'NEILL

The book cover features a monochromatic green and blue color palette. The background is a soft, hazy gradient. In the foreground, two boys are depicted from the chest up, swimming underwater. Their heads are tilted back, and their eyes are closed, suggesting they are in a state of relaxation or unconsciousness. The water around them is slightly rippled, and the overall atmosphere is serene and mysterious.

*The Poor Bugger's Tool* Patrick R. Mullen, 2012-07-12 With the weakening moral authority of the Catholic Church the boom ushered in by the Celtic Tiger and the slow but steady diminishment of the Troubles in the North Ireland has finally stepped out from the shadows of colonial oppression onto the world stage as a major cosmopolitan country Taking its title from a veiled reference to Roger Casement the humanitarian and Irish patriot hanged for treason in James Joyce's *Ulysses* *The Poor Bugger's Tool* demonstrates how the affective labor of Irish queer culture might contribute to a progressive new national image for the Republic and Northern Ireland Looking back to the first wave of Irish modernism in the works of Wilde Synge Casement and Joyce Patrick Mullen reveals how these authors deployed queer aesthetics to shape inclusive forms of national affiliation as well as to sharpen anti imperialist critiques In its second half the monograph turns its attention to Ireland's postmodernist boom in the works of Patrick McCabe Neil Jordan and Jamie O'Neill With readings of *The Butcher Boy* *Breakfast on Pluto* and *At Swim Two Boys* Mullen shows that queer sensibilities and style remain key cultural resources for negotiating the political and economic realities of globalization at the turn of the twenty first century Buttressed by writings of theorists like Marx Foucault and Antonio Negri *The Poor Bugger's Tool* brings Irish literature into a fruitful dialog with queer theory postcolonial studies the history of sexuality and modernist aesthetics

**Glocal Ireland** Juan F. Elices Agudo, Marisol Morales Ladrón Soledad, 2011-05-25 The transformations undergone by Ireland in the last decades have relocated the country within that liminal space of the local and the global The country of the deeply rooted rural traditions the severely religious impositions and the fragile economic system became in the 1990s a world referent due to its unprecedented and impressive growth However the emergence of the so called Celtic Tiger and the recognition that Ireland had become one of the most globalised nations in the Western world met a dramatic downfall that has left the country preoccupied with matters concerning its repositioning and redefinition within a wider European framework The cultural and artistic productivity of this nation has also moved away from the topical insularity of the past adopting more transnational and universal subjects at the same time that

it has struggled to retain its genuine values and its own signs of identity For in Ireland the more this global progress has grown to be unavoidable the more evocatively the local has befallen Therefore the editors of this volume contend that the global and the local should be understood not as opposed concepts but as two ends of a continuum of interaction Within this state of affairs this volume comprises a series of articles that revolve around the issue of glocality in Irish literature culture and cinema in order to disentangle the complexities that underlie this concept and which are inextricably related to the drastic changes undertaken by Ireland in the years before and after the economic boom and posterior bailout
