Northeast American Sports Car Races Terry O'Neil, 2022-02-07

The growth of sports car racing in Northeast America was not painless. Tragedy, mystery, subterfuge, intrigue, and an adherence to a particular club philosophy all featured in its story during the 1950s when professionalism in the sport was always bubbling under the surface. The northeast area of America has long been considered the cradle of post-World War II sports car racing. The Sports Car Club of America was founded there and it was the entry point to America for a host of European sports cars. Early in the 1950s, road races had been permitted by some State authorities, but due to fatal accidents, a ban on such racing came into effect. Forced to find alternative venues, the motor clubs were attracted to civil airports and a few military bases. But the drivers craved more challenging venues on which to hone their skills. This resulted in a few individuals chancing their reputation and a great deal of money and opening purpose-built circuits. This book gives a unique insight into this intriguing journey through the decade. Extensively researched, the compelling story and stunning contemporary photos, many previously unpublished, paint a fascinating portrait of a nascent sport coming into its own.

Runways & Racers Terry O'Neil, 2022-02-07

Runways and Racers concentrates on the short transitional period 1952-1954 for sports car racing in America following the ban on public road racing in many of the States. The ban left the rapidly expanding Sports Car Club of America with a problem: where to hold races. At precisely the same time, Curtis LeMay, head of Strategic Air Command, was having problems obtaining funds from Congress to improve conditions on the many air bases located around the country. The solution was a marriage of convenience whereby the SCCA was allowed access to active SAC air bases to hold its race programmes. In return, the SAC base would receive the net profits from the event, which would be put into the Airmen's Living Improvement Fund. As a result of some initial financial success for the SAC bases, the scheme was also adopted by non-SAC bases together with regional clubs with the same agreement in place. Complaints from airmen alerted Congressman Errett

Scrivner to potential irregularities and he ordered an audit to be conducted to ascertain precisely what it was costing the air bases to host the races His findings led to the cessation of the races ordered by Congress The product of a long period of extensive research by the author this book gives a fascinating insight into this two year period complemented by over 150 period pictures many previously unpublished *Austin-Healey 100 & 3000 Series* Graham Robson,2001-10-21 Unveiled in 1952 the Austin Healey 100 was an innovation in the sports car market and won instant acclaim As the series developed the cars only became more popular and garnered an even larger following This illustrated retrospective describes the cars evolution providing performance specs for each model and sidebars detailing the places people and events that shaped the story of the Big Healeys **Essential Austin-Healey 100 and 3000** Mike Lawrence,1994 Essential Austin Healey 100 and 3000 Mike Lawrence Subtitled The Cars and Their Story 1953 67 A concise fact packed history filled with specs performance data details of production changes and competition profiles Backed by a comprehensive text and top quality color photographs this lively book is written and produced to provide essential information for every Austin Healey enthusiast Sftbd 8 1 4x 1 1 4 8 pgs 63 b w 6 color ill *Austin Healey Sprite - The Complete Story* Malcolm Thorne,2022-09-23 In May 1958 one of the world s largest motor manufacturers unveiled a diminutive two seater that would take the world by storm Small in stature yet able to punch well above its weight the Austin Healey Sprite rapidly gained an enthusiastic following among keen drivers as well as an impressive record in competition Being neither expensive nor exotic for many motorists the Sprite opened the door to sports car ownership and in so doing its commercial success was almost guaranteed With over 250 photographs this book includes the genesis of the Sprite from the Austin Seven and pre war MG Midget via Donald Healey s Riley and Nash engined models to the Austin A30 A90 Atlantic and Healey Hundred The development launch and market reception is covered along with details of the evolution from Mk I to Mk IV including the Frogeye and restyled ADO 41 Rallies racing and record breaking details are given as well as information on modifications special bodied variants replicas and finally buying and restoring a Sprite today **Austin-Healey, 100** Austin Motor Company,1956 *Auction Prices Across the Nation* Brian Nelson Jones,1978 **Austin Healey** Simon Ham,2018-04-03 This first title in a brand new series of Porter Profiles throws the spotlight on one of the most successful Big Healeys of all time It is one of few cars to have such a varied history throughout a racing career that spans its entire life Registered UJB 143 it was a works entry for the Sebring 12 Hours and Le Mans 24 Hours in 1960 After being sold to the privateer Ecurie Chiltern outfit it was re registered DD 300 and returned to the famous French enduro in 61 and 62 It then passed to Healey stalwart John Chatham and would regularly be raced over the next four decades in everything from Modsports to sprints and finally historic events The Healey s long and successful career continues with its current owners and it is all covered in this fascinating new book complete with a superb selection of period photographs **Austin-Healey Big Healeys** Reid Trummel,2014-08-05 Interest in Big Healey models has continued to grow since production was halted over 40 years ago and support for the marque remains strong This book is
