

# 5 TOP TIPS TO HELP MANAGE YOUR MENTAL HEALTH

1

## CATCH-UP WITH OTHERS OVER A CUPPA

It can be easy to get into a rut and not make time for your relationships. Try to check in with friends and family by picking up the phone or schedule regular catch ups over video calls.

2

## LIMIT HOW MUCH NEWS YOU CONSUME

There's a lot of gloomy news at the moment and listening or reading too much of it can increase anxiety. Setting yourself a daily limit can help protect your mental health.

3

## STAY ACTIVE, MENTALLY AND PHYSICALLY

Keep yourself active with a daily walk, a workout, reading a book, or doing a jigsaw. (or all of them!).

4

## DON'T BE AFRAID TO ASK FOR HELP

During challenging times, it's perfectly natural to struggle mentally. Try not to bottle up your feelings and speak to a friend or seek professional help.

5

## CURB YOUR ALCOHOL INTAKE

Contrary to popular belief, drinking too much alcohol can exacerbate negative feelings, anxiety and worry. If you're struggling with your mental health try to ensure you're not drinking too much.

Fast Help for Major Medical Conditions Caryn E. Anders, Lynn M. Pearce, 2000  
Instant answers to common medical questions are covered in 100 condition specific essays. Also includes lists of associations agencies clinics and treatment centers.

**Pandemic Response and the Cost of Lockdowns** Peter Sutoris, Sinéad Murphy, Aleida Mendes Borges, Yossi Nehushtan, 2022-11-30  
Pandemic Response and the Cost of Lockdowns brings the vast analytical apparatus of the humanities and social sciences to the task of critically analysing the political decisions taken in 2020-21. The global response to the COVID-19 pandemic left little time for critical debate about the impact of lockdowns. Across the world governments claimed to follow the science but they rarely paid attention to the humanities and social sciences. Indeed the absence of these perspectives is symptomatic of a longer term trend in the marginalisation of the humanities and social sciences in policymaking and public debate. This book exposes the tragic consequences of this omission in 2020-21 and demonstrates the potential for a different path in the future a path in which we pay attention to power complexity and our biases. The authors establish what these disciplines have to offer in a global emergency and how we can ensure they help us avoid the mistakes of 2020-21 in the future. This original and interdisciplinary book will be of great interest to students scholars and researchers throughout the humanities and social sciences including the fields of philosophy sociology anthropology law political science and history as well as relevant policymakers.
