Agumba, 2025-10-06 In *The First Epistle of Agush*, the Apostle to the World, Agush Nyang is a raw, unfiltered story of survival, loss, betrayal, faith, crime, love, and relentless resilience. Born and raised in utter hardship and pushed to the margins of society, Isaac Agumba tells the brutal truth in this story of a young boy growing up unwanted in rural Kenya but barely surviving such horrors. Against impossible odds, the boy in *Agush Nyang* rises academically, only to be met again and again by poverty, exploitation, systemic injustice, and his own destructive choices. From slums and shanties to university halls, from banking jobs to fraud, from faith to fury, from love to loss, this book pulls no punches. It exposes the uncomfortable realities of modern African life: corruption, desperation, masculinity, sex, crime, ambition, and the thin line between survival and self-destruction. This is not a story polished for comfort. It is a confession. A record. A rebellion against silence. For readers of gritty autobiographies, African memoirs, survival and redemption stories, unfiltered, controversial life narratives, Agush Nyang asks one haunting question: How much suffering can a human endure before breaking or becoming something else entirely?

Gregory, David Glance, 2014-07-08 This book examines technological and social events during 2011 and 2012, a period that saw the rise of the hacktivist, the move to mobile platforms, and the ubiquity of social networks. It covers key technological issues such as hacking, cyber crime, cyber security, and cyber warfare, the internet, smart phones, electronic security, and information privacy. This book traces the rise into prominence of these issues while also exploring the resulting cultural reaction. The authors' analysis forms the basis of a discussion on future technological directions and their potential impact on society.
