*Auditing* Robyn Moroney, Fiona Campbell, Jane Hamilton, Valerie Warren, 2020-10-12 Auditing A Practical Approach with Data Analytics 4th Canadian Edition prepares today's students to meet the rapidly changing demands of the auditing profession with a focus on data driven analysis and decision making. Students work through a full audit in a practical and applied manner developing the professional judgement and critical thinking skills needed to make real decisions auditors face every day. Students are introduced to the language, key processes and level of thinking required to build ethical and audit reasoning through an integrated case based approach that better prepares them for successful completion of the CPA exam and builds the confidence needed to succeed as a modern auditing professional. Audit and Assurance, 2nd Edition Philomena Leung, Paul Coram, Barry Cooper, Kirsty Redgen, Dominic Canestrari-Soh, 2024-02-12 Written for the local market the second edition of Audit and Assurance features a concise and contemporary presentation of auditing. This new edition has a major focus on both technology and applied learning using lots of examples to ensure students will be able to do more than rote auditing and instead understand why processes are the way they are so that they can be more flexible. The new edition welcomes two new industry experts to the author team Dominic Canestrari Soh who is a Senior Manager at Ernst Young and Kirsty Meredith who is an academic at USC with 7 years industry experience as a Chartered Accountant specialising in audit and taxation. The text has been updated with new content on data analytics, technology insights and interviews with auditing practitioners as well as Excel screencasts and primers. **Unlocking the Power of the Cloud** Meredith Stein, David Linthicum, 2025-11-15 The cloud revolution is reshaping the foundation of business. The old playbook is obsolete. The new rules haven't been written until now. Unlocking the Power of the Cloud delivers the definitive blueprint for governing in the cloud. Taking a groundbreaking business first approach this book reveals how cloud computing creates unprecedented opportunities while fundamentally disrupting every aspect of corporate governance. The authors expose the critical intersection where cloud infrastructure meets AI deployment showing you how to harness this convergence for competitive advantage. You will discover how a cloud governance ecosystem accelerates innovation rather than constrains it. It manages risks that did not exist five years ago and turns compliance from a cost center into a strategic differentiator. The stakes are high. The opportunities are great. Your competitors are already moving. The question is not whether you will adapt it is whether you will lead. This book is essential reading for CEOs, boards of directors, CIOs, security professionals, auditors and risk management professionals who refuse to let their organizations become casualties of the cloud revolution. You can unleash the power of the cloud and AI to drive long term value, innovation and good governance at your organization. Accounting and Auditing Research Thomas R.
